**Durham Chapel-Hill Carrboro Metropolitan Planning Organization (DCHC MPO) Resolution
Approving the FY2023 Unified Planning Work Program of the DCHC MPO for FTA and FHWA**

A motion was made by MPO Board Member Damon Seils and seconded by MPO Board Member Pam Hemminger for the adoption of the following resolution, and upon being put to a vote was duly adopted.

Whereas, a comprehensive and continuing transportation planning program must be carried out cooperatively in order to ensure that funds for transportation projects are effectively allocated to the Durham Chapel-Hill Carrboro Metropolitan Planning Organization (DCHC MPO); and

Whereas, the City of Durham Department of Transportation has been designated as the recipient of Federal Transit Administration (FTA) Metropolitan Planning Program funds; and

Whereas, the City of Durham Department of Transportation has been designated as the recipient of Section 104(f) Planning and Technical Studies Planning grant funds; and

Whereas, members of the DCHC MPO Board agree that the Unified Planning Work Program will effectively advance transportation planning for FY2023.

Now therefore, be it resolved that the MPO Board hereby endorses the FY2023 Unified Planning Work Program for the DCHC MPO Urban Area.

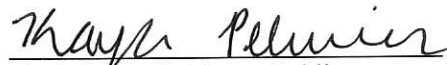

I, Jenn Weaver, Chair of the MPO Board do hereby certify that the above is a true and correct copy of an excerpt from the minutes of a meeting of the DCHC MPO Board, duly held on the day of March 9, 2022.

Jenn Weaver, MPO Board Chair

Durham County, North Carolina

I certify that Board Chair, Jenn Weaver personally appeared before me this day acknowledging to me that she signed the forgoing document.

Date: 3/9/22

Kayla Peloquin Notary Public
My commission expires: May 9, 2026

Resolution Certifying the Durham Chapel-Hill Carrboro Metropolitan Planning Organization Transportation Planning Process for FY2023

Whereas, the Durham Chapel-Hill Carrboro Metropolitan Planning Organization (DCHC MPO) Board has found that the MPO is conducting transportation planning in a continuous, cooperative, and comprehensive manner in accordance with 23 U.S.C. 134 and 49 U.S.C. 1607;

Whereas, the MPO Board has found the transportation planning process to be in compliance with Sections 174 and 176 (c) and (d) of the Clean Air Act (42 U.S.C. 7504, 7506 (c));

Whereas, the MPO Board has found the transportation planning process to be in full compliance with Title VI of the Civil Rights Act of 1964 and the Title VI Assurance executed by each State under 23 U.S.C. 324 and 29 U.S.C. 794;

Whereas, the MPO Board has considered how the transportation planning process will affect the involvement of Disadvantaged Business Enterprises in the FHWA and the FTA funded planning projects (Sec. 105(f), Pub. L. 97-424, 96 Stat. 2100, 49 CFR part 23);

Whereas, the MPO Board has considered how the transportation planning process will affect the elderly and the disabled per the provision of the Americans with Disabilities Act of 1990 (Pub. L. 101- 336, 104 Stat. 327, as amended) and the U.S. DOT implementing regulations (49 CFR parts 27, 37, and 38);

Whereas, the DCHC MPO Metropolitan Transportation Improvement Program is a subset of the currently conforming Metropolitan Transportation Plan (MTP);

Whereas, the MTP has a planning horizon year of 2045, and meets all the requirements for an adequate MTP,

Now therefore, be it resolved that the DCHC Urban Area MPO Board certifies the transportation planning process for the DCHC Metropolitan Planning Organization on this the 9 day of March, 2022.

Jenn Weaver,
MPO Board Chair

Clerk/Secretary/Planner

Metropolitan Planning Self-Certification Process

CFR 450.334 - The State and MPO shall annually certify to FHWA and FTA that the planning process is addressing the major issues facing the area and is being conducted in accordance with all applicable requirements of:

- Section 134 of title 23 U.S.C., section 8 of the Federal Transit Act (49 U.S.C. app. 1607) and;
- Section 174 and 176 (c) and (d) of the Clean Air Act (42 U.S.C. 7504, 7506 (c) and (d));
- Title VI of the Civil Rights Act of 1964 and Title VI assurance executed by each state under 23 U.S.C. 324 and 29 U.S.C. 794;
- Section 103(b) of the Intermodal Surface Transportation Efficiency Act of 1991 (Public Law 102-240) regarding the involvement of disadvantaged business enterprises in the FHWA and the FTA funded planning projects; and
- The provisions of the Americans with Disabilities Act of 1990 (Public Law 101-336, 104 Stat. 327, as amended) and U.S. DOT regulations “Transportation for Individuals with Disabilities” (49 CFR parts 27, 37, and 38).

In addition, the following checklist should help guide the MPO as they review their processes and programs for self-certification.

1. Is the MPO properly designated by agreement between the Governor and 75% of the urbanized area, including the central city, and in accordance in procedures set forth in state and local law (if applicable)? [23 U.S.C. 134 (b); 49 U.S.C. 5303 (c); 23 CFR 450.306 (a)]. Response: Yes
2. Does the policy board include elected officials, major modes of transportation providers and appropriate state officials? [23 U.S.C. 134 (b); 49 U.S.C. 5303 (c); 23 CF R 450.306 (i)]
Response: Yes, the policy board includes elected officials/representatives of Durham City, Durham County, Town of Carrboro, Town of Chapel Hill, Town of Hillsborough, Orange County, Chatham County, NCDOT BOT and GoTriangle (regional transit representative).
3. Does the MPO boundary encompass the existing urbanized area and the contiguous area expected to become urbanized within the 20-yr forecast period? [23 U.S.C. 134 (c), 49 U.S.C. 5303 (d); 23 CFR 450.308 (a)] Response: Yes
4. Is there a currently adopted Unified Planning Work Program? [23 CFR 450.314] Response: Yes.
 - a. Is there an adopted prospectus? Yes
 - b. Are tasks and products clearly outlined? Yes
 - c. Is the UPWP consistent with the MTP? Yes
 - d. Is the work identified in the UPWP completed in a timely fashion? Yes
5. Does the area have a valid transportation planning process? Response: Yes [23 U.S.C. 134; 23 CFR 450]
 - a. Is the transportation planning process continuous, cooperative and comprehensive? Yes
 - b. Is there a valid MTP? Yes
 - c. Did the MTP have at least a 20-year horizon at the time of adoption? Yes
 - d. Does it address the eight planning factors? Yes,
 - e. Does it cover all modes applicable to the area? Yes
 - f. Is it financially constrained? Yes
 - g. Does it include funding for the maintenance and operation of the system? Yes
 - h. Does it conform to the State Implementation Plan (SIP) (if applicable)? Yes
 - i. Is it updated/reevaluated in a timely fashion (at least every 4 or 5 years)? Yes

6. Is there a valid TIP? [23 CFR 450.324, 326, 328, 330, 332] Response: Yes
 - a. Is it consistent with the MTP? Yes
 - b. Is it fiscally constrained? Yes
 - c. Is it developed cooperatively with the state and local transit operators? Yes.
 - d. Is it updated at least every 4-yrs and adopted by the MPO and the Governor? Yes

7. Does the area have a valid CMP? (TMA only) [23 CFR 450.320] Response: Yes
 - a. Is it consistent with the MTP? Yes
 - b. Was it used for the development of the TIP? Yes
 - c. Is it monitored and reevaluated to meet the needs of the area? Yes

8. Does the area have a process for including environmental mitigation discussion in the planning process? Yes
 - a. How? Through periodic meeting with environmental resource agencies and involving the agencies in the MTP process.
 - b. Why not? N/A

9. Does the planning process meet the following requirements? Response: Yes.
 - a. 23 U.S.C. 134, 49 U.S.C. 5303, and this subpart;
 - b. In nonattainment and maintenance areas, sections 174 and 176 (c) and (d) of the Clean Air Act, as amended 42 U.S.C. 7504, 7506 (c) and (d) and 40 CFR part 93;
 - c. Title VI of the Civil Rights Act of 1964, as amended 42 U.S.C. 2000d-1 and 49 CFR part 21;
 - d. 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
 - e. MAP-21/FAST Act and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded projects;
 - f. 23 CFR part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;
 - g. The provisions of the Americans with Disabilities Act of 1990 Sections 42 U.S.C. 12101 et seq. and 49 CFR parts 27, 37, and 38;
 - h. The Older Americans Act, as amended 42 U.S.C. 6101, prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;
 - i. Section 324 title 23 U.S.C. regarding the prohibition of discrimination based on gender; and
 - j. Section 504 of the Rehabilitation Act of 1973 29 U.S.C. 794 and 49 CFR part 27 regarding discrimination against individuals with disabilities.
 - k. All other applicable provisions of Federal law. (i.e. Executive Order 12898)

10. Does the area have an adopted PIP/Public Participation Plan? [23 CRR 450.316 (b)(1)]? Yes
 - a. Did the public participate in the development of the PIP? Yes
 - b. Was the PIP made available for public review for at least 45-days prior to adoption? Yes.
 - c. Is adequate notice provided for public meetings? Yes.
 - d. Are meetings held at convenient times and at accessible locations? Yes.
 - e. Is public given the opportunity to provide oral/written comment on planning process? Yes.
 - f. Is the PIP periodically reviewed and updated to ensure its effectiveness? Yes.
 - g. Is PIP employ visualization and interactive mapping? Yes.
 - h. Are plans and documents available in an electronic accessible format, i.e. MPO website? Yes

11. Does the area have a process for including environmental, state, other transportation, historical, local land use and economic development agencies in the planning process? Yes
 - a. How? Through inter-agency coordination, and collaboration
 - b. Why not? N/A

DCHC MPO Title VI Assurances

The Durham Chapel-Hill Carrboro Metropolitan Planning Organization (DCHC MPO) (hereinafter referred to as the “Recipient”) HEREBY AGREES THAT as a condition to receiving any Federal financial assistance from the North Carolina Department of Transportation and the US Department of Transportation it will comply with the Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d-42 (hereinafter referred to as the Act), and all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-Assisted Programs of the Department of Transportation. Effectuation of Title VI of the Civil Rights Act of 1964 (hereinafter referred to as the Regulations) and other pertinent directives, to the end that in accordance with the Act, Regulations, and other pertinent directives, no person in the United States shall, on the grounds of race, color, sex, age, national origin or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Recipient receives Federal financial assistance from the Department of Transportation, including the Federal Highway Administration, and HEREBY GIVES ASSURANCE THAT it will promptly take any measures necessary to effectuate this agreement. This assurance is required by subsection 21.7(a) (1) of the Regulations.

More specifically and without limiting the above general assurance, the Recipient hereby gives the following specific assurances with respect to its Federal-Aid Highway Program:

1. That the Recipient agrees that each “program” and each “facility” as defined in subsections 21.23 (b) and 21.23 (e) of the Regulations, will be (with regard to a “program”) conducted, or will be (with regard to a “facility”) operated in compliance with all requirements imposed by, or pursuant to, the Regulations.
2. That the Recipient shall insert the following notification in all solicitations for bids for work or material subject to the Regulations made in connection with the Federal-Aid Highway Program and, in adapted form in all proposals for negotiated agreements:

The DCHC MPO in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d to 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.

3. That the Recipient shall insert the clauses of Appendix A of this assurance in every contract subject to the Act and the Regulations.
4. That the Recipient shall insert the clauses of Appendix B of this assurance, as a covenant running with the land, in any deed from the United States effecting a transfer of real property, structures, or improvements thereon, or interest therein.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the assurance shall extend to the entire facility and facilities operated in connection therewith.

6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the assurance shall extend to rights to space on, over or under such property.
7. That the Recipient shall include the appropriate clauses set forth in Appendix C of this assurance, as a covenant running with land, in any future deeds, leases, permits, licenses, and similar agreements entered into by the Recipient with other parties: (a) for the subsequent transfer of real property acquired or improved under the Federal-Aid Highway Program; and (b) for the construction or use of or access to space on, over or under real property acquired, or improved under the Federal-Aid Highway program.
8. That this assurance obligates the Recipient for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property or interest therein or structures or improvements thereon, in which case the assurance obligates the Recipient or any transferee for the longer of the following periods: (a) the period during which the property is used for a purpose for which the Federal financial assistance is extended, or for another purpose involving the provision of similar services or benefits; or (b) the period during which the Recipient retains ownership or possession of the property.
9. The Recipient shall provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he delegates specific authority to give reasonable guarantee that it, other recipients, sub-grantees, contractors, subcontractors, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Act, the Regulations and this assurance.
10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Act, the Regulations, and this assurance.

THIS ASSURANCE is given in consideration of and for the purpose of obtaining any and all Federal grants, loans, contracts, property, discounts or other Federal financial assistance extended after the date hereof to the Recipient under the Federal-Aid Highway Program and is binding on it, other recipients, subgrantees, contractors, subcontractors, transferees, successors in interest and other participants in the Federal-Aid Highway Program. The person or persons whose signatures appear below are authorized to sign this assurance on behalf of the Recipient.

Jenn Weaver, MPO Board Chair

Date

Aaron Cain
Interim DCHC MPO Manager

Date

Introduction

The DCHC MPO is required by federal regulations to prepare an annual Unified Planning Work Program (UPWP) that details and guides the urban area transportation planning activities. The Fixing America's Surface Transportation Act (FAST Act) is the most recent law establishing federal transportation policy and funding authorizations. Federal regulations implementing transportation policy (23 CFR §450.308) require that:

"(b) Metropolitan transportation planning activities performed with funds provided under title 23 U.S.C. and title 49 U.S.C. Chapter 53 shall be documented in a unified planning work program (UPWP)...

(c) ...each MPO, in cooperation with the State(s) and public transportation operator(s) shall develop a UPWP that includes a discussion of the planning priorities facing the MPA [metropolitan planning area]. The UPWP shall identify work proposed for the next one- or two-year period by major activity and task (including activities that address the planning factors in §450.306(a)), in sufficient detail to indicate who (e.g., MPO, State, public transportation operator, local government, or consultant) will perform the work, the schedule for completing the work, the resulting products, the proposed funding by activity/task, and a summary of the total amounts and sources of Federal and matching funds."

Funding for the UPWP is provided on an annual basis by the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA). Essentially, the UPWP provides yearly funding allocations to support the ongoing transportation planning activities of the DCHC MPO. The UPWP must identify MPO planning tasks to be undertaken with the use of federal transportation funds, including highway and transit programs. Tasks are identified by an alphanumeric task code and description. A complete narrative description for each task is more completely described in the Prospectus for Continuing Transportation Planning for the Durham Chapel-Hill Carrboro Metropolitan Planning Organization, most recently approved by the TAC on November 10, 2021. The Prospectus was developed by NCDOT in cooperation with MPOs throughout the state.

The UPWP also contains project descriptions for special projects and FTA projects. Special project descriptions are provided by the responsible agency. FTA planning project task descriptions, FTA Disadvantaged Businesses Contracting Opportunities forms, and FTA funding source tables are also included in this work program.

The funding source tables reflect available federal planning fund sources and the amounts of non-federal matching funds. The match is provided through either local or state funds or both. Section 104(f) funds are designated for MPO planning and are used by the Lead Planning Agency to support MPO planning functions. Section 133(b)(3)(7) funds are the portion of STBG-DA (formerly STP-DA) funds identified in the UPWP for MPO planning. The LPA and MPO jurisdictions use these funds to support the MPO planning functions and regional special projects, such as corridor studies, Community Vinz update, Regional Freight Plan implementation and update, transportation performance measurement, data collection geo-database enterprise update, regional model update and enhancement, travel behavior surveys and onboard transit survey, etc.

The Federal Transit Administration's Section 5303 are a source of funds for transit planning for Chapel Hill Transit (CHT), GoDurham, and the LPA. These funds are allocated by NCDOT's Public Transportation Division (PTD). Transit agencies may also use portions of their Section 5307 funds for planning. These funds must be approved by the MPO Board as part of the UPWP approval process.

FY2023 UPWP Activities

DCHC MPO activities and emphasis areas for the FY23 UPWP are summarized as follows:

- Development of the 2050 Metropolitan Transportation Plan (MTP)
- With the cancellation of SPOT 6.0, work with NCDOT on the STIP reprogramming and the development of the FY2024-2033 TIP
- Continue to explore integrating Big data (StreetLight, HERE, etc.) and open data sources for technical and modeling processes
- TRM Generation-G2 (2016 and 2020) base year: maintenance, enhancement, and update. Evaluate and analyze future direction of TRM G2 for project application, enhancement and preparation. Evaluate use for 2055 MTP
- TRM-v6.2, 2016 base year and 2050 MTP development: maintenance and application in projects and 2050 MTP amendments
- Update CTP and process amendments as necessary and required
- Update 2050 MTP and process amendments as necessary and required
- Update and QC of base year data collection/inventory
- Rolling (continuous) surveys; i.e. household, transit onboard, cordon, etc.
- Continue regional transit implementation and coordination, i.e., CRT and BRT
- Congestion Management Process (CMP)/Mobility Report Card (MRC) data analysis update
- Implementation of the Regional Freight Plan, including participation stakeholder group
- Continue to implement FAST Act Metropolitan Planning requirements
- Monitor ADA Transition Plan and Self-Assessment
- Update and monitoring of Title VI compliance
- Update and monitoring of EJ and LEP
- Update and monitoring of Safety Targets
- Update and monitoring of Transit Asset Management (TAM) and State of Good Repair Targets.
- Continuation of routine planning- TIP, UPWP, Data monitoring and monitoring system, GIS, Public Involvement, AQ, etc.
- Continuation of special and mandated projects and programs, such as transportation resilience planning
- Continuation of the MPO website update, enhancement and application (portals) development
- Update and enhancement of the MPO geo-database enterprise
- Other 3-C planning process activities, management, and operations

Metropolitan Planning Factors & Federal Requirements

Federal transportation regulations require MPOs to consider specific planning factors when developing transportation plans and programs in the metropolitan area. Current legislation calls for MPOs to conduct planning that:

1. Supports the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
2. Increases the safety of the transportation system for motorized and non-motorized users;
3. Increases the security of the transportation system for motorized and non-motorized users;
4. Increases the accessibility and mobility of people and for freight;
5. Protects and enhances the environment, promote energy conservation, improve quality of life, and promote consistency between transportation improvements and State and local planned growth and economic development patterns;

6. Enhances the integration and connectivity of the transportation system, across and between modes, for people and freight;
7. Promotes efficient system management and operation;
8. Emphasizes the preservation of the existing transportation system.
9. Improves the resiliency and reliability of the transportation system and reduces or mitigates stormwater impacts of surface transportation; and
10. Enhances travel and tourism

In addition, livability principles are to be considered in the metropolitan planning process activities. These principles are:

1. Provide more transportation choices
2. Promote equitable, affordable housing
3. Enhance economic competitiveness
4. Support existing communities
5. Coordinate policies and leverage investments, and
6. Value communities and neighborhoods.

Each of these factors is addressed through various work program tasks discussed below.

Public Involvement and Title VI

Federal legislation requires MPOs to include provisions in the planning process to ensure the involvement of the public in the development of transportation plans and programs including the Metropolitan Transportation Plan, the short-term Transportation Improvement Program, and the annual Unified Planning Work Program. Emphasis is placed on broadening participation in transportation planning to include key stakeholders who have not traditionally been involved, including the business community, members of the public, community groups, and other governmental agencies. Effective public involvement will result in opportunities for the public to participate in the planning process.

Metropolitan Transportation Plan (MTP)

The MPO is responsible for developing a Metropolitan Transportation Plan (MTP) for a minimum of 20-year time horizon in cooperation with the State, MPO member agencies and with local transit operators. The MTP is produced through a planning process which involves the region's local governments, the North Carolina Department of Transportation (NCDOT), local jurisdictions and citizens of the region. Additionally, representatives from the local offices of the U.S. Department of Transportation (USDOT) Federal Highway Administration (FHWA) and Federal Transit Administration (FTA), North Carolina Department of Environmental Quality (NCDEQ) and the U.S. Environmental Protection Agency (US EPA) provide guidance and participate in the planning process. The MTP must include the following:

- Vision, Goals, and Objectives;
- Land use impacts;
- Identification and assessment of needs;
- Identification of transportation facilities (including major roadways, transit, multimodal and intermodal facilities and intermodal connectors) that function as an integrated metropolitan transportation system;
- A discussion of types of potential environmental mitigation activities and potential areas to carry out

these activities;

- A financial plan that demonstrates how the adopted transportation plan can be implemented;
- Operations and management strategies to improve the performance of existing transportation facilities to relieve vehicular congestion and maximize the safety and mobility of people and goods;
- Capital investment and other strategies to preserve existing and projected future metropolitan transportation infrastructure and provide for multimodal capacity increases based on regional priorities and needs; and
- Proposed transportation and transit enhancement activities

Transportation Improvement Program (TIP)

The DCHC MPO is responsible for developing a Transportation Improvement Program (TIP) with a ten-year time horizon in cooperation with the State, MPO member agencies, and local transit operators. The TIP is produced through a planning process which involves the region's local governments, the NCDOT, local jurisdictions and residents of the metropolitan area. The TIP must include the following:

- A list of proposed federally supported projects and strategies to be implemented during TIP period;
- Proactive public involvement process;
- A financial plan that demonstrates how the TIP can be implemented; and
- Descriptions of each project in the TIP.

Transportation Management Area (TMA) and Congestion Management Process (CMP)

TMA's, such as DCHC MPO, have urbanized area population over 200,000, and must also address the following: Plans must be based on a continuing and comprehensive transportation planning process carried out by the MPO in cooperation with the State and public transportation operators. A Congestion Management Process must be developed and implemented that provides for effective management and operation, based on a cooperatively developed and implemented metropolitan strategy of new and existing transportation facilities, through use of travel demand reduction and operations management strategies.

Air Quality Conformity Process

Currently, the DCHC MPO is designated as attainment for the National Ambient Air Quality Standards (NAAQS). On February 16, 2018, there was a decision from the D.C. Circuit Court in the South Coast Air Quality Management District v. EPA. Per the Circuit Court decision, The Raleigh-Durham-Chapel Hill area is considered an orphan maintenance area and based on the EPA guidance of November 2018, the area will need to demonstrate transportation conformity for transportation plans and TIPs for the 1997 ozone NAAQS. This conformity can be demonstrated without a regional emission analysis (REA) pursuant to 40 CFR 93.109(c). Though not required, the Triangle region air quality partners have decided to continue to implement activities including an air quality regional analysis on its MTP and TIP. NCDOT and TJCOG will assist the MPOs in performing this REA on MTP projects.

FHWA Planning Emphasis Areas and the FY23 UPWP

The Federal Highway Administration has designated several Planning Emphasis Areas (PEAs) to continue focus on transportation planning and guide state and local jurisdictions to develop tasks associated with the UPWP and Statewide Planning and Research to best address transportation planning and agency coordination. The DCHC MPO has examined its task codes and determined compliance with PEAs as follows.

It should be noted that the DCHC MPO does not have any DoD facilities in its boundary, but the MPO does collaborate with the DoD on highway projects that serve as corridors between DoD facilities. Additionally, the DCHC MPO collaborates with the US Fish and Wildlife Service and the Army Corps of Engineers on projects in and around federal land within MPO boundaries.

| FHWA PEAs | Associated UPWP Task Codes | |
|---|----------------------------|---|
| Climate Change | II-B-1.2 | Alternative Fuels/Vehicles |
| | II-B-1.3 | Hazard Mitigation and Disaster Planning/Sustainability Planning |
| | II-B-1.8 | Climate Change Planning/Resilience |
| Equity and Justice in Transportation Planning | III-C-2 | Environmental Justice |
| | III-C-6 | Public Involvement/ Equity Engagement |
| Complete Streets | II.A.1.3 | Street System Changes |
| Public Involvement | III-C-6 | Public Involvement/ Equity Engagement |
| | III-C-7 | Private Sector Participation |
| Strategic Highway Network/US DOD Coordination | II-B-2.2 | Highway Element of the CTP/MTP |
| Federal Land Management Agency Coordination | II-B-2.9 | Landuse / Transportation Scenario Plng. |
| Planning and Environment Linkages | II-B-1.6 | Planning Factors: consideration & Imple. |
| Data in Transportation Planning | II-A | Data and Planning Support |

FY2023 UPWP Funding Sources

FY2023 UPWP funding levels and descriptions of funding sources are summarized below.

Federal Highway Administration Funds (FHWA)

Planning (PL) Section 104(f) – These urbanized area funds are administered by NCDOT and require a 20% local match. The proposed Section 104(f) funding level is based on the FAST-ACT Section 104(f) allocation. The statewide section 104(f) funds are distributed among all MPOs with a population-based formula. The DCHC MPO PL fund allocation for FY2023 is below.

| | MPO Total |
|------------------------|-------------------|
| Federal PL funds (80%) | \$ 493,300 |
| Local match (20%) | \$ 123,325 |
| Total PL Funds | \$ 616,625 |

STBG-DA – These funds are the portion of the federal Surface Transportation Block Grant Program (STBG-DA) funds provided through FHWA to Transportation Management Areas (TMAs) over 200,000 in population. By agreement with the DCHC MPO and NCDOT, a portion of these funds are used for MPO transportation planning activities. STBG-DA funds proposed for planning activities are below:

| | MPO Total |
|-----------------------------|---------------------|
| Federal STBG-DA funds (80%) | \$ 2,562,687 |
| Local match (20%) | \$640,672 |
| Total STBG-DA Funds | \$ 3,203,359 |

Federal Transit Administration Funds (FTA)

Two types of funds are used for transit planning purposes by the DCHC MPO; Section 5303 Metropolitan Transportation Planning Program and Section 5307 Urbanized Area Formula Program funds administered by the Federal Transit Administration (FTA) and the NCDOT Public Transportation Division (PTD).

Section 5303 funds

Provide assistance to urbanized areas for transit planning and technical studies related to urban public transportation. They are provided from the FTA through the PTD to the MPO local transit operators and LPA (80% from FTA, 10% from PTD, and 10% local match).

| Section 5303 | CHT | GoDurham | LPA | MPO Total |
|---------------------------|------------|-----------------|------------|------------------|
| Federal (80%) | \$ 246,072 | \$ 0 | \$ 0 | \$ 246,072 |
| State (10%) | \$ 30,759 | \$ 0 | \$ 0 | \$ 30,759 |
| Local (10%) | \$ 30,759 | \$ 0 | \$ 0 | \$ 30,759 |
| Total Section 5303 | \$ 307,590 | \$ 0 | \$ 0 | \$ 307,590 |

Section 5307 funds

May be used for planning as well as other purposes, and are distributed through a formula by FTA. GoDurham, CHT, OPT and GoTriangle are eligible to use Section 5307 funds from the FTA for assistance on a wide range of planning activities. These funds require a 10% local match, which is provided by the City of Durham, the Town of Chapel Hill, Orange County and GoTriangle. The table below includes the agencies that will program Section 5307 funds for planning purposes in this UPWP.

| Section 5307 | GoDurham | GoTriangle | OCo Transit | MPO Total |
|---------------------------|-----------------|-------------------|--------------------|------------------|
| Federal (80%) | \$ | \$ 121,040 | \$ 20,000 | \$ 141,040 |
| Local (10%) | \$ | \$ 15,130 | \$ 2,500 | \$ 17,630 |
| State (10%) | \$ | \$ 15,130 | \$ 2,500 | \$ 17,630 |
| Total Section 5307 | \$ | \$ 151,300 | \$ 25,000 | \$ 176,300 |

Summary of all Funding Sources

| | Federal | State | Local | Total |
|----------------------------|---------------------|------------------|------------------|--------------------|
| FY23 STBG-DA (FHWA) | \$ 2,562,687 | | \$640,672 | \$3,203,359 |
| FY23 PL (FHWA) | \$ 493,000 | | \$123,325 | \$616,325 |
| FTA 5303 (FTA) | \$ 740,544 | \$ 92,568 | \$92,568 | \$925,680 |
| FTA 5307 (FTA) | \$ 537,856 | \$ 67,232 | \$67,232 | \$ 672,320 |
| Total | \$ 4,333,808 | \$159,800 | \$923,727 | \$5,417,335 |

Summary of Federal Funding Programming (80%) by Agency

| AGENCY | FHWA | | FTA | | TOTAL |
|--|---------------------|-------------------|-------------------|-------------------|---------------------|
| | STBG-DA | PL | 5303 | 5307 | |
| Lead Planning Agency (LPA) | \$ 1,662,618 | \$ 492,800 | | | \$ 2,155,418 |
| Town of Carrboro | \$ 16,800 | | | | \$ 16,800 |
| Town of Chapel Hill/ CH Transit | \$ 40,000 | | \$ 246,072 | | \$ 286,072 |
| City of Durham | \$ 76,274 | | | | \$ 76,274 |
| Town of Hillsborough | \$ 280,000 | | | | \$ 224,000 |
| Chatham County | | | | | |
| Durham County | \$ 54,216 | | | | \$ 54,216 |
| GoDurham | | | | | |
| GoTriangle | | | | \$ 121,040 | \$ 121,040 |
| Orange County | \$ 20,000 | | | \$ 20,000 | \$ 40,000 |
| TJCOG | \$ 84,500 | | | | \$ 84,500 |
| TOTAL | \$ 2,234,408 | \$ 492,800 | \$ 246,072 | \$ 141,040 | \$ 3,114,320 |
| Available for Programming by Amendment in FY23 | \$328,279 | \$200 | \$494,472 | \$396,816 | \$1,219,767 |

LPA Local Match Cost Sharing

To receive the aforementioned federal funds through FHWA, a local match of twenty percent (20%) of the total project cost must be provided. The MPO member agencies contribute to the Lead Planning Agency 20% local match. Each MPO's member agencies' proportionate share of the local match is determined on an annual basis during the development of the UPWP. The following table displays the MPO's member agencies' proportionate share of the local match for FY2023. The local match shares for member jurisdictions referenced below were determined using population and number of data collection locations/segments. GoTriangle is 7.5% of the total MPO match required for local share of federal funds minus ITRE and data collection expenses and is based on average annual percentage of funds received including 5307 and STBG-DA.

| Agency | Total FY2023 |
|----------------|---------------------|
| City of Durham | \$285,593 |
| Durham County | \$48,497 |
| Chapel Hill | \$70,051 |
| Carrboro | \$26,943 |
| Hillsborough | \$10,777 |
| Orange County | \$43,108 |
| Chatham County | \$16,166 |
| GoTriangle | \$37,720 |
| Total | \$538,855 |

Certification of MPO Transportation Planning Process

As part of the annual UPWP adoption process, the MPO is required to certify that it adheres to a transportation planning process that is continuous, cooperative, and comprehensive (i.e. the 3-C planning process). The certification resolution is included as part of this work program.

FY 2023 LPA New Initiatives

New initiatives refer to new planning areas or activities that the LPA will begin to undertake during the year that will require additional staff time and funding for consultants, materials, etc.

1. Robust equitable engagement assistance, including employing consultants to conduct engagement efforts
2. Data processing consultant
3. Modeling policy tool (RPAT) to more accurately and quickly integrate decision making

| Initiative Description | Cost | Federal (80%) | Match (20%) | Requested by |
|-------------------------------|------------------|----------------------|--------------------|---------------------|
| Equitable Engagement | \$100,000 | \$80,000 | \$20,000 | LPA |
| Data Processing Consultant | \$50,000 | \$40,000 | \$10,000 | LPA |
| Modeling Policy Tool | \$70,000 | \$56,000 | \$14,000 | LPA |
| TOTAL | \$220,000 | \$176,000 | \$44,000 | |

FY 2023 Special Studies

Special studies refer to new planning projects and terminal activities that the LPA and local jurisdictions will undertake during the year. These projects are expected to be completed within the year in which funds are allocated, unless specifically carried over into a subsequent year, as defined within the UPWP. Detailed descriptions for each of these projects can be found within the UPWP narrative of each requesting entity.

1. 15-501 Corridor Study
2. Durham Freeway Corridor Study – East End Connector to Swift Ave
3. South Churton St. Engineering Feasibility Study
4. Greenway Special Study

| Study Description | Cost | Federal (80%) | Match (20%) | Requested by |
|------------------------------------|------------------|----------------------|--------------------|---------------------|
| 15-501 Quad Section Corridor Study | \$150,000 | \$120,000 | \$30,000 | LPA |
| Durham Freeway Corridor Study | \$450,000 | \$360,000 | \$90,000 | LPA |
| South Churton St. | \$200,000 | \$160,000 | \$40,000 | Hillsborough |
| Greenway Special Study | \$80,000 | \$64,000 | \$16,000 | Hillsborough |
| TOTAL | \$880,000 | \$704,000 | \$176,000 | |

Summary of FY20 - FY21 UPWP Accomplishments

The MPO continued to administer the MPO 3-C in order to maintain eligibility for federal funds. The main emphases of the FY2012-21 UPWP were the development of the new generation Triangle Regional Model (TRM-G2) and initial and preparatory work associated with the development of the 2050 Metropolitan Transportation Plan (MTP), update and amendment of the Comprehensive Transportation Plan, amendment to the 2045 MTP, model enhancement, calibration and validation of the Triangle Regional Model, the update of the MPO GIS enterprise, Congestion Management Process, development of an interactive Mobility Report Card, MPO data collection and analysis, update of the MPO Data Management System, evaluation of performance indicators, update of Community Vintz Land-use Scenario, State and regional coordination, collaboration on the regional transit activities, and Orange and Durham County transit initiatives. The MPO continued to fulfill State and Federal transportation mandates including the 3-C transportation process, UPWP planning, SPOT/STI prioritization, Title VI/EJ/LEP, visualization, administration, management and oversight of grants, etc. The MPO made significant progress in these areas.

Major milestones and accomplishments are summarized as follows:

Routine MPO Planning Progress and UPWP - The MPO continued to address routine periodic reviews, changes, and progress on the long and short range planning process and changes to the Unified Planning Work Program (UPWP) as required by FAST Act and previous legislation. DCHC MPO will continue to conduct short range transportation and transportation planning activities, and coordinate with necessary local, regional and state agencies to conduct and track transportation projects in the DCHC MPO.

Non-Motorized Planning and Complete Streets – DCHC MPO continued to develop, support and promote plans and projects that increase and improve bicycling and walking facilities, improve safety and security of vulnerable roadway users, and create alternative transportation mode choices for all travelers. DCHC MPO continued to prepare and evaluate transportation plans so that bicycle and pedestrian facilities are integrated wherever practicable, into the network.

Maintain Clean Air (attainment) – DCHC MPO continued to protect and enhance the environment, and promote consistency between transportation improvements, and state and local planned growth and economic development patterns. DCHC MPO continued to monitor the transportation planning activities and ensure that such activities do not deteriorate the air quality in the region.

Intelligent Transportation System - The purpose of this task is to develop, maintain and enhance regional Intelligent Transportation System (ITS) activities to improve efficiency of the transportation network, public transit, emergency response, and safety and security in the region. DCHC MPO continued to update and maintain the regional ITS architecture, and coordinate with stakeholders to ensure that ITS technologies are deployed in a manner to allow communication, interoperability, and compatibility amongst various regional systems and entities.

Title VI Planning - The MPO continued to monitor and implement the MPO Title VI Assurance which ensures that no person will, on the grounds of race, color, national origin, income, gender, age, and disability, as provided by Title VI of the Civil Rights Act of 1964 and the Civil Rights Restoration Act of 1987 (PL 100.259), be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity.

Americans with Disabilities Act (ADA) Transition Plan & Self-Assessment - The MPO continued to monitor and implement the MPO's ADA Transition Plan and Self-Assessment.

Model Enhancement – DCHC MPO continued to review and analyze existing travel demand and air quality models in order to determine feasible enhancements to the modeling procedures that are used in the TRM study area. DCHC MPO continued to perform air quality, regional travel demand, and micro simulation model runs for existing and future projects as requested and needed.

Safety and Security Planning - The MPO, through its planning activities, continued to strive to reduce the human and economic toll on the region's multi-modal transportation system due to traffic crashes through widespread collaboration and an integrated Vision Zero and Traffic Incident Management (TIM) program with an Engineering, Enforcement, Education and Emergency Response approach. DCHC MPO continued to analyze safety data and collaborate with regional safety stakeholders to keep them engaged in the routine monitoring of safety programs, and the revision and refinement of the planning process.

Metropolitan Transportation Plan (MTP)- The MTP and CTP are the centerpieces of the metropolitan transportation planning process. DCHC MPO has developed a number of Metropolitan Transportation Plans since ISTEA. In the summer of 2018, the MPO approved 2045 MTP, which is built around the vision of a sustainable metropolitan area, and promotes the identification of and investment in nodes and corridors of activity as well as fostering of active transportation and public transportation. It also articulates a broad set of region-wide transportation goals, policies and strategies that address transportation's role in areas such as place-making, public health, and energy use.

The plan is financially constrained, reflecting only funding that is currently available or can reasonably be expected to be available during the plan's time frame, and it identifies major transportation investments through the year 2045. The plan was assessed for and meets environmental justice requirements to ensure equitable investments are planned for the region. In addition, DCHC MPO determined that the plan conformed to the applicable State Implementation Plan (SIP) for air quality through a voluntary conformity process. The MTP must be completely updated at least every four years, but may be revised more frequently if necessary. A new 2050 MTP is anticipated to be adopted in the Fall of 2021.

Development of Comprehensive Transportation Planning and Programs – DCHC MPO continued to evaluate, support, analyze and implement multi-modal transportation plans and programs that foster accessibility, mobility, safety and other FAST Act planning factors. DCHC MPO continued to coordinate with local governments and various transportation stakeholders to develop and promote new programs that will foster better multi-modal transportation options.

MPO Data Development and Maintenance - The MPO continued to collect, tabulate, maintain, and analyze regional information on topics including, but not limited to, census, land use, and related data that is needed for regional demographic forecasting, transportation and land use planning, air quality planning, TRM estimation, calibration and validation, CMP, MRC, transit planning, bike/pedestrian planning, emergency planning, Title VI, and economic development efforts.

Land Use, Socio-Economic, Environmental – DCHC MPO continued to collect, maintain and analyze regional land use, socio-economic and environmental data that will be used in regional demographic forecasting, transportation and land use planning, air quality planning, emergency planning, Title VI, and economic development efforts. DCHC MPO continued to participate, and provide input to NCDOT, in the development of local comprehensive plans, and provide guidance to NEPA/Merger/projected development on land use and zoning issues.

Transportation Plan Reappraisal – DCHC MPO continued to address periodic reviews, changes, and progress on the long range planning process to foster livable and sustainable communities and transportation systems in the planning area as required by FAST Act and the previous legislations.

Technical Assistance – DCHC MPO continued to perform service requests as well as utilize the expertise and knowledge of the staff in providing technical support services to local governments and interested citizens on transportation planning and other requests that support the planning factors in FAST Act and the previous legislation. This includes coordinating with public transit providers and local units of government in the region to create a regionally seamless transit system that improves accessibility and mobility for all citizens.

Travel Demand Management – Triangle J Council of Governments (TJCOG) on behalf of DCHC MPO continued to implement Travel Demand Management (TDM) strategies to influence individual travel behavior and provide expanded options to reduce the actual demand, or number of vehicles, placed on transportation facilities, and incorporate practices that focus on managing the demand side of the transportation equation rather than increasing supply by widening or building new roads. Progress continued to be made on reduction of peak VMT around the Research Triangle Park employee commute options, and Best Employer for Commute programs.

Regional SHSP Implementation – DCHC MPO continued to work as part of a Regional Transportation Safety Coalition to reduce crashes on major roadways through widespread collaboration and an integrated approach including engineering, education, enforcement and emergency services. DCHC MPO continued to coordinate with the stakeholders and implement action items in the TIMS Plan to achieve the goal of eliminating traffic fatalities on the region’s roadways by 2050.

Additional accomplishments for the FY 2020-21 UPWP are summarized as follows:

1. The MPO Administration program element focuses on all aspects of the MPO’s personnel management, governing board support and meeting coordination, budgeting, policy development and review, annual work program development and reporting, and otherwise meeting all state and federal requirements for planning program administration. Most tasks are routine and ongoing in nature including Congestion Management Process (CMP) Comprehensive Transportation plan (CTP), Metropolitan Transportation Plan (MTP), SPOT Prioritization, data collection and analysis, development and maintenance of spatial GIS portals, Incident Management plan, update of ADA Transition Plan, enhancement and update of the regional model, development of County Transit Plans and LRT, etc.
2. Data management activity included collecting, analyzing, maintaining and reporting activities necessary to support the transportation planning process and work program. Various data is captured, processed and subsequently used to identify transportation issues, propose solutions, and monitor activity.
3. Trends and Big Data. All data maintained by the MPO is accessible to member agencies and the public. Certain tasks are associated with technical tools and functions necessary to support analytical work and forecasting, including computer hardware and software and licenses for travel demand modeling and traffic operations microsimulation, and for electronic hardware used in various types of traffic counting.
4. Development of the DCHC-MPO Comprehensive Transportation Plan (CTP): The LPA and NCDOT Transportation Planning Division worked cooperatively in the update and maintenance of the CTP, which is mandated by NC General Statute. It differs from the federally mandated Metropolitan

Transportation Plan (MTP) in that it is not fiscally constrained and does not have an implementation horizon year, though it does have a planning horizon year. The CTP was mutually adopted by the MPO Board and the Board of Transportation in 2017. Staff continued to re-evaluate modal elements of the CTP as well ensure that SPOT projects emanate from MTP and CTP, and passed CTP amendment 2.

5. 2045 Metropolitan Transportation Plan (MTP): MPO continued to re-evaluate of the 2045 as well as initiated MTP amendments. Further, the MPO embarked on the air quality conformity analysis and determination due to court that required them to perform activities under the 1997 1-hour Ozone standard. Other 2045 MTP accomplishments include: reconciling MTP projects with TIP. Processing amendment 1 as required and performing Moves modeling and generating travel demand forecasts. etc.
6. MPO Congestion Management Process (CMP): The MPO continued work on the update, analyses and mapping associated with the development of the federally required CMP. Tasks accomplished include summarization and analysis of data, measurement of multi-modal transportation system performance, and implementation of CMP mapping in an interactive GIS.
7. MPO Mobility Report Card (MRC): Staff continued to measure and monitor multi-modal transportation system performance. Other accomplishments included a state-of-the-system report that focuses on measures of system performance for which data collected on an annual basis is used to index overall performance of the MPO transportation system from year to year. Data reported included, arterial LOS, intersection LOS, transit services, bicycle facilities, sidewalks, safety, etc.
8. Regional Freight Plan: Staff continued to participate in the Triangle Regional Freight planning and stakeholder coordination with CAMPO, NCDOT and freight logistic companies.
9. Public Involvement Process: The MPO updated its Public Involvement and Limited English Proficiency plans in 2021. Staff continued to provide the public with complete information, timely notice, and full access to key decisions and opportunities for early and continuing involvement in the 3C process. Also, continued to assess the effectiveness of the DCHC MPO Public Involvement Process and to develop and enhance the process of regional involvement supporting the objectives of the DCHC MPO Public Involvement Policy (PIP) and federal regulations (such as FAST-Act). Staff continued to explore and apply new and innovative approaches to improve MPO public participation levels and opportunities, especially for plans and programs using social media such Facebook and Twitter. Also continued to develop and implement strategies for equitable engagement including focus groups and Engagement Ambassadors. Continued to oversee the update and the maintenance of the MPO website, including update and enhancement of portals, update of CivicaSoft website system application, and update of content management systems. Continued to provide management support for the MPO visualization such as reviewing current AGOL, land-use 3-D, Urban-canvas, MS2 portals and webservers, and suggested updates and enhancements.
10. Safety Analysis: The MPO completed analyses related to bike and pedestrian safety, transit safety, and vehicular safety. Other safety related accomplishments included participating in North Carolina safety education initiatives and regional bike and pedestrian safety programs. The MPO reviewed the Safety and Security plans of MPO transit operators.
11. Environmental Justice/Title VI: The MPO continued to update and implement EJ and Title VI program, including update of demographic profiles and incorporation of FHWA comments. Final

report was approved by the Board in the fall of 2020.

12. Transportation Improvement Program (TIP): The MPO continued to work on TIP-related activities such as SPOT, review of projects, Local Supplement of the STIP, and the development of the draft Transportation Program (TIP). With the cancellation of SPOT 6.0, MPO staff will work with its member agencies and NCDOT to develop the 2024-2033 STIP.
13. Amendments and Administrative Modifications to the TIP: The MPO- processed several amendments and administrative modifications to the 2020-29 MTIP and forwarded to NCDOT to be included in the STIP for BOT approval.
14. Triangle Regional Model (TRM) Update and Enhancement: The MPO continued to participate in the update and enhancement of the TRM at ITRE. Work tasks accomplished included completion of generation, destination choice and mode choice models, calibration and the validation of 2013 Estimation Year TRM-V6. The MPO is a funding partner of the modeling service bureau and continued to provide .5 FTE to ITRE Model Service Bureau.
15. Bicycle lane restriping. The MPO continued to work with NCDOT Division 5 and Division 7 regarding priorities and plans for restriping roadways scheduled for resurfacing by NCDOT.
16. Other Project Development Planning and NEPA: The MPO continued to participate in project development planning and NEPA for several on-going NCDOT projects within the MPO including; I-40 Managed Lanes Feasibility Study, US 15-501 Corridor Study, US 15-1501 Feasibility Study, NC54 widening project planning, I-40 widening (US15-501 to I-85), several bridge replacement projects, resurfacing projects, etc.
17. Oversight, Monitoring and Administration of Transit Grants: The MPO continued to manage the transit grant program including processing reimbursements for sub-recipients and the LPA, reporting activity to funding agencies, and providing general administration and oversight.
18. Service Requests: Staff performed numerous services requests from the public and member agencies.
19. Management and Operations: Staff continued routine tasks that encompass the administration and support of the 3-C transportation planning process as mandated by federal regulations, Tasks have been divided into the following sub- tasks including, but not limited to:
 - Provided liaisons between DCHC MPO member agencies, transit providers, GoTriangle, CAMPO, NCDOT, NCDEQ, TJCOG, RDU and other organizations at the local, regional, state, and federal levels on transportation-related matters, issues and actions.
 - Provided technical assistance to the MPO Board, member agencies, stakeholders and residents and other member jurisdictions policy bodies.
 - Participated in joint regional technical meetings as a means to continually improve the quality and operation of the transportation planning process and decision making in the region.
 - Reviewed and commented on federal and state transportation-related plans, programs, regulations and guidelines, including review of FAST Reauthorization position papers.

- Provided assistance to the MPO Board and Technical Committee with meeting preparation, development of agenda and minutes, follow-up to directives to staff, and support of the agenda management system.
 - Updated and provided support for MPO planning documents as required.
 - Administration and oversight of contracts and fiscal management.
20. Assisted with the compliance of federal and state regulations and mandates.
21. Training and professional development.

Town of Carrboro UPWP Accomplishments

The Town of Carrboro performed substantial planning work on a range of activities under the DCHC-MPO 2020 Unified Planning Work Program for MPO-wide planning efforts, as well as numerous projects specific to the Town of Carrboro. Carrboro continues to conduct 48-hr vehicle & 2-hr bike/ped counts at a variety of locations in support of local traffic calming projects, safety projects, and protected bike lane pilot projects.

The Town recently adopted an Updated Bicycle Plan and is working on implementing the projects and programs identified in the plan. The Town participated in regional efforts such as updating Community Viz Land Use data and reviewing/updating the TRM regional model network. The Town also continues to work toward advancing TIP projects, including coordinating with NCDOT for state managed projects such as the recently completed Estes-Greensboro Roundabout (U-5846), and locally administered projects. Design on the Jones Creek Greenway (C-5158) is approaching 90-percent completion, the S Greensboro St Sidewalk (C-5650) is at 65-percent completion, and the Town is pursuing modifications to the bid documents for the Morgan Creek Greenway (EL-4828A) in order for that project to be re-advertised for construction. Carrboro also participated in regional transit planning as part of the Orange County Transit Plan update and Chapel Hill Transit's NSBRT project development.

City of Durham Accomplishments

The City of Durham conducted and participated in a number of transportation planning activities: passed an ordinance to regulate shared active transportation vehicles (bike share, electric bikes, scooters, etc.), along with beginning operation and administration of this system, advanced design on several federally-funded sidewalk and bicycle lane projects on streets such as Cornwallis Road, Hillandale Road, Carpenter-Fletcher Road, LaSalle Street, and North Duke Street, continued design on several CMAQ-funded projects including Downtown Wayfinding, Durham Bike Lanes, and Neighborhood Bike Routes, and began the process of and conducted extensive public engagement for the Central Durham Transportation Study (also called Move Durham).

The City also participated in regional planning efforts, including the 15-501 Corridor Study, the Durham-Wake Commuter Rail Major Investment Study, and various NCDOT managed TIP projects along NC 54, US 15-501, US 70, Fayetteville Road, Cornwallis Road, and the East Durham Railroad Safety Project. The City worked with other departments to purchase the right-of-way necessary to begin development of the Durham Beltline Trail, and is also working with regional partners to update the Durham County Transit Plan and look for high capacity transit alternatives along major corridors.

Durham County Accomplishments

Durham County staff worked closely with MPO staff, City of Durham staff and GoTriangle on the development of a new County Transit Plan. Work this fiscal year included participation in the Technical, Outreach and Management Oversight committees, conducting in-person surveys and analysis of results for preferred alternatives, and technical work on the preferred alternative.

The County was active in many community impact assessments, scoping projects, traffic study, environmental planning, and other concurrence processes for several TIP projects in the area, including P-5706 (Railroad Grade Separation at Ellis, Wrenn, and Glover Roads), U-5518 (US 70 improvements in Wake County), and U-5720 (US 70 improvements in Durham County) and the 15-501 Corridor Study. Additionally, county staff prepared and provided place type data to TJCOG for the CommunityViz model and the 2050 MTP.

Town of Chapel Hill Accomplishments

Town of Chapel Hill staff conducted a number of transportation planning activities in FY20-21. In response to altered travel behaviors and the need for social distancing, the Town implemented a temporary lane change and widened sidewalk on Franklin Street downtown. Staff evaluated usage and gathered feedback to inform future planning for the street. The town-wide traffic model was finalized and used for reviewing development applications and evaluating lane reallocations, which were completed on Culbreth Road and Europa Drive. Town staff inventoried all bike racks and bike amenities in Town, initiated pedestrian safety initiatives, advanced various TIP projects, updated the Town's Mobility and Connectivity Plan, and finalized the Future Land Use Maps. Staff worked with regional partners on the CTP amendment, 2050 MTP, SPOT 6.0, the 15-501 Corridor Study, and the bike share request for proposals.

FY2023 UPWP Development Schedule

The proposed development schedule for this UPWP is below. The schedule provides for the coordination of the UPWP development with the local government budget process and NCDOT deadlines.

| Dates | DCHC MPO Activity Description |
|------------------------|--|
| October -December 2021 | Development of draft FY2023 UPWP in coordination with local agencies. |
| November 10, 2021 | MPO Board approves new UPWP Prospectus |
| November 24, 2021 | Deadline for funding request and supplemental documents to be submitted to MPO by member agencies. |
| December 15, 2021 | TC reviews draft FY2023 UPWP and recommends Board release for public comment. |
| January 12, 2022 | MPO Board reviews draft of FY2023 UPWP and releases draft for public comment. |
| February 9, 2022 | MPO Board holds public hearing |
| February 23, 2022 | TC receives final FY2023 UPWP and recommends Board approve final at March Board meeting. |
| March 9, 2022 | MPO Board approves final FY2023 UPWP, including approval of self-certification process and local match. |
| May 10, 2022 | Deadline for final FY2022 UPWP to be submitted to NCDOT and FHWA for approval. NCDOT/PTD will submit UPWP to FTA for approval. |

MPO Funding Table - Distribution by Agency

| Receiving Agency | STBG-DA Sec. 133(b)(3)(7) | | | Section 104(f) PL | | | Section 5303 Highway/Transit | | | Section 5307 Transit | | | Funding Summary | | | |
|------------------|------------------------------|--------------------|--------------------|----------------------|------------------|------------------|---------------------------------|-----------------|------------------|-------------------------|-----------------|------------------|------------------|-----------------|--------------------|--------------------|
| | Local | FHWA | TOTAL | Local | FHWA | TOTAL | Local | NCDOT | FTA | Local | NCDOT | FTA | Local | NCDOT | Federal | Total |
| | 20% | 80% | 100% | 20% | 80% | 100% | 10% | 10% | 80% | 10% | 10% | 80% | | | | |

LPA Organizational Chart

DCHC MPO Task Descriptions and Deliverables/Products

This section describes the work being undertaken in FY23 by the LPA. Work being undertaken by each local jurisdiction is described in subsequent sections.

The major products of the transportation planning process, in addition to the UPWP, are the Metropolitan Transportation Plan (MTP), Congestion Management Process (CMP), Public Participation Process, project development and the Transportation Improvement Program (TIP). Numerous special reports, corridor/subarea studies and analyses on a wide variety of transportation issues are also produced on a regular basis.

II-A: Data and Planning Support

Work in this section will be undertaken by LPA modeling and technical staff, with coordination from local jurisdictions to collect data.

II-A-1: Networks and Support Systems

- **Vehicle Miles of Travel:** The MPO will monitor targets and annual VMT growth and compare them to MTP Targets. This information will help determine if the Plan targets are being met.
- **Street System Changes:** The MPO will continue to support land-use mapping activities such as aerial ortho-imagery, and street centerlines, names and addresses, maintained by cities and counties and integrated by the MPO and TRM Service Bureau to accurately geocode buildings and employers to Transportation Analysis Zones (TAZ) and other geographic areas. The MPO will continue to update the inventory of improvements to municipal street systems and update the inventory of signalization on existing major streets, to provide accurate inputs for the Triangle Regional Model (TRM). The MPO will monitor changes in street mileage systems from previous years and summarize inventory by functional classification.
- **Traffic Crashes and Safety Data:** The LPA will collect, tabulate and analyze route traffic crash data from NCDOT's traffic accident portal (TEAAS) and prepare a summary and analysis of high crash locations by mode as well as compare data analysis to previous years' results. Crash data will include auto, bike and pedestrian crashes for the latest three-year period within the MPO Metropolitan Planning Boundary.
- **Central Area Parking Inventory:** The LPA will continue data collection and inventory of on- and off- street parking facilities in the Central Business Districts (CBD), major generators and universities. Parking data to be collected include number of spaces, parking fee rates (hourly, daily, and monthly), subsidy, duration, average weekday costs, and demand. Parking information collected will help in the calibration and maintenance of the travel model. The LPA will update the parking inventory and usage spatial geodatabase as well as Parking Area Study Analysis.
- **Bicycle and Pedestrian Facilities & Counts Inventory:** The LPA staff will continue to participate in bicycle and pedestrian planning in the region and provide technical assistance/coordination to other government units as needed. The MPO will continue to conduct an inventory of bicycle and pedestrian facilities as part of the CMP and the development of performance measures.
- **Collection of Network Data:** The MPO will continue to update transportation/model network data. The proposed work activities will include collection and update of the following

transportation network variables and attributes:

- INRIX and HERE data
 - StreetLight Data
 - Travel time and speed
 - Transit APC
 - Transportation Performance Measures
 - Transit Performance Targets
- Capacity Deficiency Analysis: A system planning level capacity deficiency analysis will be made to determine existing and projected street deficiencies. Link capacities will be calculated in accordance with procedures based on the latest edition of the HIGHWAY CAPACITY MANUAL and other resources.
 - Land Use, Socio-Economic, Environmental Data Analysis: The MPO will continue to provide input to member jurisdictions in the development of local comprehensive plans, and provide guidance to NCDOT Project Development/ NEPA on land use and zoning issues affecting project development and merger process.

II-A-2: Travelers and Behavior

- Dwelling Unit, Population, and Employment Changes: The MPO will continue to support land-use mapping activities such as aerial orthoimagery, flown metro-wide every 2 years by the region's cities and counties to provide the basis for geographically accurate local land use data. The LPA will continue to maintain inventory of dwelling units and population to track changes and to compare with assumptions used in the adopted MTP and CTP.
- Collection of Base Year Data: The LPA will continue to update the socio-economic and demographic data for the base year model and Title VI demographic/ Minority and Low Income (MLI) profiles. Work activities will include update, estimation and tabulation of the following data elements; population, housing, income, auto ownership, Limited-English proficiency, linguistically isolated households, workers, head of household, environmental justice, linguistic demographic factors, ACS community patterns, school enrollment, etc.
- Travel Surveys: LPA staff will be involved in every facet of the survey and analysis as requested by the lead TRM Service Bureau.
- Vehicle Occupancy Rates: The MPO will collect vehicle occupancy counts across the service area to measure effectiveness of transportation investments and operations. Information will also be used to comply with the Clean Air Act and is useful in the trip generating process of modeling traffic during the travel modeling phase, as well as other parts of the Metropolitan Transportation Plan.
- Travel Time Studies: The MPO will continue to undertake BIG Data; travel time and speed data. HERE data, INRIX data and TREDIS will be the main source of travel time/speed data within the MPO. The big travel time data will supply information for CMP, Mobility Report Card, CTP, MTP, corridor studies, feasibility studies, etc.
- Annual Continuous Travel Behavior Survey (Household Survey): The MPO will continue to tabulate and analyze the household survey, including estimation of parameters using the household survey. Due to the changing demographics of the region, the model stakeholders have

decided to undertake annual (ACS style) continuous survey. the new TBS will allow better prediction of transit and non-motorized transportation. Despite the comprehensive character of the current TBS, it under-represents persons who travel by modes other than automobile. In order to provide sufficient high-quality data to pursue the MPO's goal of understanding and increasing use of transit and non-motorized travel, the proposed budget includes a separate transit on-board survey bus riders, and surveys of bicycle and pedestrian activity and facilities. The benefit to the DCHC MPO will be a more accurate and reliable travel demand model that represents and captures local travel behavior and travel patterns.

II-A-3: Transportation Modeling

- **Travel Regional Model Enhancements:** The DCHC MPO will continue to review and analyze travel demand and air quality models to determine feasible enhancements to the procedures that are used in the TRM area. DCHC MPO will continue to perform regional travel demand, and micro simulation model runs for existing and future projects. Upon completion of the TRM-V6, the TRM Service Bureau and regional stakeholders will commence revisions and enhancements to respond to the needs and policies of the DCHC MPO and other stakeholders. A first task will be to identify and select enhancements for implementation based on the needs of partners, including local governments, and on the feasibility and costs of desired enhancements. Enhancements within the DCHC MPO include enhancing model precision for small area studies, improving non-motorized models, increasing sensitivity to travel demand management policies, network quality checks, improved transit ridership forecasting, incorporating tools for policy analysis and responding to policy questions, improving HOV/HOT tools and parking sensitivity enhancements. Additional technical enhancements that will take place include those relative to trip generation, destination choice, and mode choice. Specific activities to develop model enhancements include; staff time preparing and evaluating technical proposals for model revision and developing the model, negotiating the scope of enhancements with regional model partners (NCDOT, GoTriangle, CAMPO), consultant assistance in preparing technical specifications and in developing the model, and research and peer contact aimed at assessing the technical merits and operational challenges of the various modeling strategies that will be under consideration.
- **Forecast of Data to Horizon Year:** The MPO will provide the approved socioeconomic forecasts as well as continue to generate and update socio-economic and demographic projections and forecasts. CTP and MTP forecasts will continue to be re-evaluated and refined to be consistent with local land- use plans as well as State and regional land use policies.
- **Financial Planning:** The MPO will generate and update travel demand forecasts for future years included in the MTIP, SPOT, CMP, MRC, etc. and utilize these forecasts to project expenditures and financial needs for the various long-range plans.
- **FTA STOPS and CIG Technical Analysis & Planning:** The MPO in conjunction with Go-Triangle, CAMPO and NCDOT will continue to work with ITRE, the TRM Service Bureau, for the update, maintenance, and enhancement of regional transit modeling software, which will be used for all FTA capital projects under the Capital Investment Grant (CIG). FTA New Starts and Small Starts planning activities will be done and carried out under this task.
- **Community Viz:** The DCHC MPO and CAMPO will continue to update and enhance the Community Viz tool. The primary purpose of the project is to implement a partnering strategy and create a spatial data planning model framework and scenario planning tools using

Community Viz software that will mimic development patterns and intensities and allocate future year socioeconomic data for the jurisdictions within the Triangle region. The model will be used by DCHC MPO staff to identify regional goals and community values, and explore alternatives for growth, development, and transportation investment. Results from the model will be used in developing the DCHC MPO's next socio-economic forecasts and the Metropolitan Transportation Plan.

II-B: Planning Process

Work in this section will generally be undertaken by LPA Planning staff in cooperation with planning staff in MPO jurisdictions.

II-B-1: Targeted Planning

- **Air Quality Planning/Conformity Analysis:** The MPO will make determinations as to whether or not the MTP and TIP conform to the intent of the State Implementation Plan (SIP), and will continue to collaborate with NCDOT and TJCOG to perform regional emissions analysis on MTP and other planning projects.
- **Alternative Fuels/Vehicles:** The MPO will support transportation projects that reduce mobile source emissions and reduce vulnerability of fuel supplies and enhance fuel security in times of extreme weather events or other reasons for petroleum scarcity.
- **Hazard Mitigation and Disaster Planning:** The MPO will conduct analysis in areas related to climate change and extreme weather adaptation such as assessments of transportation vulnerability to extreme weather events and will work to develop options for improving resiliency of transportation facilities and/or systems related to climate changes and/or extreme weather events.
- **Congestion Management Strategies:** The MPO will plan, coordinate, and educate the public in congestion management strategies such as: Congestion Management System (CMP), Transportation Demand Management (TDM), Intelligent Transportation System (ITS), High Occupancy Vehicle lanes or priorities (HOV), Access Control and Management, Traffic Operations Improvements, Incident Management, and Growth Management.
- **Freight Movement/Mobility Planning:** The MPO will continue to undertake tasks associated with urban goods movement, specifically freight accessibility and mobility. Other tasks to be undertaken include attending and staffing the Regional Freight Stakeholders meetings, survey of freight carriers, recommendations for improving truck mobility or train/truck intermodal movements, and identifying acceptable truck routes. The MPO will continue the management role to update the Triangle Regional Freight Plan.
- **Climate Change Planning:** The MPO, in partnership with CAMPO and TJCOG, will undertake resilience assessment and monitoring on MTPs. DCHC will also work to identify strategies for incorporating climate mitigation planning into required planning activities and standalone activities.

II-B-2: Regional Planning

- Metropolitan Transportation Plan: The MPO will conduct periodic reviews, make changes to, and monitor progress on the newly adopted 2050 MTP.
- Racial Equity Planning: The MPO will research how other MPO's have addressed racial equity as part of Environmental Justice and Title VI planning. Based on national best practices, DCHC will identify strategies for incorporating racial equity into required planning activities and standalone activities.

II-B-3: Special Studies

The LPA will complete work on two special studies in FY23.

US 15-501 Quad Section Corridor Study

Description

The DCHC MPO wants to create multimodal transportation solutions for the corridor segments in Chapel Hill and the quadrant area (I-40/US 15-501). The high-level design should coordinate bicycle, pedestrian, transit and roadway facilities that meet the goals of the local governments and community, DCHC MPO and NCDOT. This study is scheduled to be completed by the end of FY23.

Previous Work

The DCHC MPO recently completed a detailed study and report of the US 15-501 corridor from Ephesus Church Road in Chapel Hill to University Drive in Durham. A consultant performed the analysis, proposed recommendations, and created a final report and conceptual design. However, the study's proposed transportation system for the Chapel Hill segment and the I-40/US 15-501 quadrant area did not meet the newly adopted Goals and Objectives of the DCHC MPO and the expectations of the local communities. The proposed design of the Chapel Hill segment favored vehicle travel over that of bicyclists, pedestrians, and transit riders, and included an 8-lane cross-section and Reduced Conflict Intersection (RCI) that would reduce the safety of bicycle and pedestrian travel. The sole interchange proposed for the I-40/US 15-501 quadrant was viewed as providing inadequate access to the Patterson Place and New Hope Commons developments, as well as making bicycle and pedestrian movement between the developments more hazardous.

Requested Activities

The DCHC MPO wants a consultant to work with stakeholders to find solutions for the Chapel Hill segment and quadrant area. Tasks will likely include:

- Review draft corridor study and process
- Conduct issues meeting with stakeholders
- Conduct solutions meeting with stakeholders
- Develop draft plan for Chapel Hill segment and quadrant area
- Conduct public engagement including stakeholder meetings and review of draft plan
- Produce final plan document, including high-level design

Products

Products will include:

- Identification of issues
- Presentation of alternatives and feasible solutions
- Draft and final plan, including high-level design

Relationship to other plans and MPO activities

The final US 15-501 Corridor Study will incorporate information from the Durham and Orange county transit plans, current Transportation Improvement Program (TIP), socioeconomic forecasts, local land use plans and zoning, environmental data and designations and local bicycle and pedestrian plan.

The final Study will provide information for the DCHC MPO Metropolitan Transportation Plan (MTP), Comprehensive Transportation Plan (CTP), NCDOT prioritization process (i.e., SPOT), DCHC MPO locally administered projects, and local government development review processes.

Proposed budget and level of effort

Consultant contract cost will be approximately \$100,000, and staff time will be \$31,200 [260 hours x \$120/hour (including benefits)]. Total cost will be \$131,200.

Durham Freeway Corridor Study**Description**

The LPA, led by City Transportation staff are interested in conducting a feasibility study that would analyze and reimagine the Durham Freeway Corridor from roughly the East End Connector to the Swift Avenue interchange in Durham. This feasibility study would evaluate the conversion of this corridor from a freeway to another use. This could be a boulevard, cut and capped freeway, a complete corridor tear-down, or other arterial appropriate, for maximizing multi-modal safety and access to and through the corridor, transit service and facility coordination to and from Durham Station, roadway connectivity, and community-building across neighborhoods adjacent to the corridor. This project is anticipated to be completed by the end of FY23.

Proposed Activities

1. Analysis of current and future conditions
2. Development of a draft study
3. Website postings and public involvement
4. Evaluate alternatives
5. Finalize strategies
6. Deliver final action plan

Product

1. Action plan for Durham Freeway

Relationship to Other Plans and MPO Activities

This project is identified in the 2045 MTP

Proposed Budget and Level of Effort

Consultant contract cost will be approximately \$300,000, and staff time will be \$150,000 [577 hours x \$120/hour (including benefits)]. Total cost will be \$450,000.

III-A: Unified Planning Work Program

Work in this section will be undertaken by LPA financial staff in coordination with other LPA staff and local jurisdictions, who will provide financial data and estimates.

III-A-1: Unified Planning Work Program

The Unified Planning Work Program (UPWP) will be prepared annually by the MPO in cooperation with other participating agencies and under the guidance of the Technical Coordinating Committee. The PWP will present the proposed planning work program for the next year and review the most recent accomplishments of the planning process. The PWP will be cross-referenced to the Prospectus to minimize repetitive documentation. The PWP will be reviewed and approved by the MPO Policy Board, the North Carolina Department of Transportation, and Federal agencies providing planning funds for continuing transportation planning. The MPO will continue to publish amendments to the UPWP as necessary.

III-A-2: Metrics and Performance Measures

The MPO will coordinate with appropriate State and transit agencies in developing targets for the transportation system. The MPO will integrate into the metropolitan planning process, directly and by reference, the goals, objectives performance measures and targets described in other State transportation plans and processes, as well as, any plans developed under US Code chapter 53 of title 49 by providers of public transportation, required as part of a performance-based program.

III-B: Transportation Improvement Program

Work in this section will be undertaken by LPA Planning staff.

III-B-1: Prioritization

The MPO will evaluate its list of projects biennially to communicate the MPO's priorities regarding the funding schedule on already programmed projects, the acceleration of long term projects into the program, and the addition of new projects to the STIP.

III-B-2: Metropolitan TIP

The MPO will work to amend the 2022 TIP to ensure consistency with the STIP. The MPO will coordinate with NCDOT to keep the documents aligned and bring modifications/amendments before the MPO boards as needed.

The MPO will coordinate with local governments to include major non-NCDOT projects in the TIP, with a blanket local STIP identifier to be assigned by NCDOT.

III-B-3: Merger and Project Development

The MPO will continue to evaluate the adopted Comprehensive Transportation Plan (CTP) and selected alternative plans to ensure continued efficiency in serving travel demands, energy conservation measures, and cost and impact on the physical, social, and economic environment.

III-C: Civil Rights Compliance (Title VI) and Other Regulatory Requirements

Work in this section will be undertaken by LPA staff, including planning and technical staff.

III-C-1: Title VI

The MPO will provide updates of Civil Rights statistics report for submittal to FTA to determine MPO compliance to civil rights provisions.

III-C-2: Environmental Justice

The MPO will use its current Environmental Justice report in cooperation with analysis of EJ communities to ensure that low-income and historically marginalized communities receive a proportionate share of benefits resulting from planning decisions being made. Project rosters will be evaluated periodically to ensure that a proportionate share of projects are taking place either within or for the benefit of EJ communities. MPO staff will work to maintain maps of EJ populations and businesses, conduct quantitative analysis of the benefits and burdens the transportation system/programs have on these communities.

III-C-3: Minority Business Enterprise Planning

The MPO will continue to give consideration to the potential services that could be provided by MBE's in the development of transit plans and programs and the provision of transit service.

III-C-4: Planning for the Elderly and Disabled

The MPO will continue to evaluate and prioritize the planning, development, evaluation and reevaluation of transportation facilities and services for the elderly and disabled, consistent with ADA. These activities include managing the FTA's Section 5310 grant to provide funds to the Orange County Department on Aging for their STEAMM project.

III-C-5: Safety/Drug Control Planning

The MPO will continue to plan funds to transit operators for use in performing safety audits and in the resulting development of safety/ security improvement and in alcohol/drug control planning, programming, and implementation.

III-C-6: Public Participation

The MPO will continue to update and enhance the MPO website as well as continue to strive to provide early, proactive, and meaningful public participation and input throughout the transportation planning process, including: providing for open exchange of information and ideas between the public and transportation decision-makers, to provide the public with complete information, timely notice, full access to key decisions and opportunities for early and continuing involvement in the 3C process. The MPO will also continue to provide process support, such as developing and preparing informational materials for the MPO website, conducting public outreach, managing the MPO website, preparing and distributing the MPO's newsletter, implementing other social media (Twitter, YouTube and Facebook), and maintaining mailing lists and email lists. The MPO will continue to ensure equitable access to and participation in community engagement opportunities.

III-C-7: Private Sector Participation

The MPO will continue to evaluate opportunities for private operators to initiative involvement in MPO activities.

III-D: Statewide and Extra-Regional Planning

The MPO will continue to coordinate and plan with state and federal agencies involved in transportation planning activities on the regional, state, and national levels. This involvement will include, but is not limited to: collection and compilation of data; participation in related workshops, conferences, and meetings; and review and administrative approval or endorsement of documentation.

III-E: Board Support, Member Services, and Administration

The MPO will continue to assist and facilitate an open Comprehensive, Cooperative, and Continuing (3C) transportation planning process in conformance with applicable federal and state requirements as described in the 3C Memorandum of Understanding.

This work includes: Attending monthly committee meetings, preparing agendas and minutes of these meetings, training, preparing quarterly progress reports, documenting expenditures for planning work items, and filing for reimbursement of expenditures from the PL and STBG-DA funds account and other Federal funds. In addition, this work includes consultation with other agencies involved within 3C planning activities; liaison activities between the MPO and NCDOT and ongoing coordination with CAMPO; and communication with other regional groups. Other activities include the day-to-day oversight of, and reporting on, the progress of projects listed in the UPWP, and the establishment of work priorities in light of MPO needs. The MPO will continue to undertake and facilitate the following work related to this task:

1. Provide liaisons between DCHC MPO member agencies, transit providers, CAMPO, NCDOT, NCDEQ, TJCOG, and other organizations at the local, regional, state, and federal levels on transportation related matters, issues and actions.
2. Respond to federal and State legislation and regulations.
3. Provide service request to citizens.
4. Provide service requests and technical support to MPO member agencies.
5. Provide oversight to MPO planning and transit funding policies.
6. Work with CAMPO on regional issues. Prepare Regional Priority lists and MTIP and amend as necessary, update transportation plans, travel demand model, and monitor data changes. Evaluate transportation planning programs developed through the 3C public participation process for appropriate MPO action.
7. Provide technical assistance to the Board and other member jurisdictions' policy bodies.
8. Participate in joint CAMPO/DCHC MPO TC and Board meetings to continually improve the quality and operation of the transportation planning process and decision making in the Triangle Region.
9. Review and comment on federal and state plans, programs, regulations and guidelines

Anticipated DBE Contracting Opportunities for 2022-2023

Name of MPO/Subrecipient: DCHC MPO Lead Planning Agency/City of Durham

Check here if no anticipated DBE opportunities

Person Completing Form: Mariel Klein

Telephone Number: 919 560-4366

| Prospectus Task Code | Prospectus Description | Name of Agency Contracting Out | Type of Contracting Opportunity (Consultant, etc.) | Federal Funds to be Contracted Out | Total Funds to be Contracted Out |

Task II-A-1: Networks and Support Systems

Objectives

To collect local traffic count data relevant to the CMP, TRM model analysis, the Town's residential traffic management plan, or other studies. Town staff to provide synchro files developed for local projects.

Previous Work

In FY 2021, the Town submitted traffic count data, parking inventory data and bicycle/pedestrian data as had been collected in support of local studies was submitted to the MPO.

Proposed Activities

- Inventory on and off-street parking facilities
- Update mapping for bike and pedestrian facilities
- Collect daily, weekly and monthly ridership counts; compile service related information by route
- Assemble transit system characteristics
- Provide annual TAM and State of Good Repair target inventories
- Additional data collection tasks as needed/ requested by the LPA

Products

- Database of parking facilities
- GIS shape files containing parking data
- Transit system statistics as part of quarterly progress reports to the LPA in Excel for transit system data and in a GIS shape files (spatial) for route and stop attributes
- GIS shapefiles of bicycle and pedestrian networks
- Annual TAM and SGR inventories and targets

Relationship to other plans and MPO activities

Data will be used for the CMP and MRC. Counts may be helpful in determining focus areas for TDM strategies, the Triangle Regional Model (TRM), the Town's conceptual Slow Zone plan, and responding to citizen inquiries for safety improvements on NCDOT maintained facilities. Also relevant to Carrboro Downtown Parking Study, 2050 MTP, 2020 Bicycle Plan Update, Town Comprehensive Plan.

Proposed budget and level of effort

All work to be completed by the Transportation Planner
Local Staff Hours: **60 Hours**

Task II-A-2: Travelers and Behavior

Objectives

To support mapping activities for the 2050 MTP, the TRM update, and generate maps as needed for other MPO or Town transportation planning tasks.

Previous Work

The Town provided local socioeconomic data for the 2040 and 2045 MTPs, reviewed and modified Community Viz for the 2050 MTP place type and development status categories. The Town edited the employment shapefile in Employment Analyst in preparation for the 2050 MTP, analyzed residential and employment density in the vicinity of bus stops for the Orange County Bus and Rail Investment Plan, provided downtown Carrboro parking inventory maps, and regularly updated transportation shapefiles based on new developments and completed projects.

The Town assisted MPO staff in review of socioeconomic data for the MPO

Proposed Activities

- Update geospatial mapping for SE data, development proposals/permits, bike-pedestrian networks, development review activities, building permit and Certificate of Occupancy data, highway element of the MTP, transit element of the MTP, etc.
- Additional data collection tasks as needed/ requested by the LPA

Products

- SE Data shapefiles
- Development review/proposals
- Permits
- CO's
- Data collection locations
- Basemaps, etc.

Relationship to other plans and MPO activities

2050 MTP, TRM update, 2017 Carrboro Parking Plan, 2020 Bicycle Plan Update, Town Comprehensive Plan

Proposed budget and level of effort

10 percent of work to be completed by the Transportation Planner.

45 percent of work to be completed by GIS Analyst.

45 percent of work to be completed by the GIS technician.

Local Staff hours: **90 hours**

Task II-B-3: Special Studies

Objectives

To develop and use the recommendations from the Estes Road corridor study for implementation of bike-ped improvements along that corridor as part of EB-5994A. The Town will also work to coordinate with consultants for the downtown paid parking study.

Previous Work

The Town has engaged in transportation-related studies such as the 2020 Bicycle Plan Update, conceptual and design plans for various greenway projects, the Safe Routes to School Action Plan, the West Main Street Road Diet Study, the Downtown Carrboro Parking Study, the NC 54 West Corridor Study, and the NC 54 Bike-Ped Safety Study (in partnership with Chapel Hill).

Proposed Activities

- Participation in corridor study of Estes Drive (funded by the Orange County Transit Plan)
- Review other Town plans and studies as necessary

Products

- Estes Drive Corridor Study
- Downtown Paid Parking Study
- Related data for use by MPO

Relationship to other plans and MPO activities

2050 MTP, CMP, 2020 Bicycle Plan Update, Downtown Parking Study

Proposed budget and level of effort

50 percent of work to be completed by the Transportation Planner.

50 percent of work to be completed by the Planning Administrator.

Local Staff hours: **45 hours**

Task III-A-1: Unified Planning Work Program (STBG-DA and 5303)

Objectives

To track and report on Carrboro's FY2023 UPWP activities, and process amendments to the UPWP if necessary. The Town will submit Carrboro's portion of the FY2023 UPWP to the MPO and participate in oversight of the UPWP process.

Previous Work

Town staff has prepared UPWPs each year and tracked the completion of UPWP tasks with quarterly progress reports. Progress reports have made clear how much funding remains for tasks in the fiscal year, guiding whether or not amendments are necessary. Town staff has also participated in LPA oversight meetings.

Proposed Activities

- Complete quarterly reports for the 2023 UPWP
- Complete amendment spreadsheets as needed
- Prepare Carrboro's 2024 UPWP documents and budget
- Attend LPA oversight meetings and review documents.

Products

- Development of draft and final FY24 UPWP
- Quarterly invoices and reports
- Amendment of UPWP as necessary
- Transmittal of documentation, work products/deliverable highlighted elsewhere to the LPA

Relationship to other plans and MPO activities

Required by federal law, the UPWP is the mechanism for regional transportation planning and coordination in the MPO. It allocates a portion of STP-DA and transit funding received by the MPO for planning activities.

Proposed budget and level of effort

100 percent of work to be completed by the Transportation Planner.

Local Staff hours: **35 hours**

Task III-B-2: Metropolitan TIP (STBG-DA and 5303)

Objectives

To facilitate timely progress on TIP projects and process amendments when necessary. The Town will continue to participate in review and coordination regarding the 2024-2033 STIP.

Previous Work

The Estes-Greensborough Roundabout (U-5846) was completed in 2021. The Town previously bid out the construction of Bicycle Loop Detectors (U-4726-DF) but did not receive any bids and is continuing to assess potential avenues for implementation. Other projects currently underway include Morgan Creek Greenway (EL-4828, Town is pursuing modifications to bid documents to readvertise for construction), Jones Creek Greenway (C-5181, currently at ~90% design), and South Greensboro Street sidewalk (C-5650, currently at 65% design).

Proposed Activities

- Submit candidate projects, with relevant data and GIS shapefiles, for the MPO's LAP program
- Review the draft STIP and MTIP and provide comment

Products

- MTIP local agencies' supplement
- MTIP amendment requests
- Summary of public involvement activities
- Comments on the draft STIP and MTIP

Relationship to other plans and MPO activities

2021-2030 TIP, 2050 MTP, Orange County Transit Plan, CMAQ funding.

Proposed budget and level of effort

50 percent of work to be completed by the Transportation Planner.

50 percent of work to be completed by the Planning Administrator.

Local Staff hours: **55 hours**

Task III-C-6: Public Involvement/ Equitable Community Engagement (STBG-DA and 5303)

Objectives

To ensure that equitable public input and participation is part of the transportation planning process.

Proposed Activities

- Ensure early, proactive, and meaningful public participation and input throughout the transportation planning process, including providing the public with complete information, timely notice, and full access to key decisions and opportunities for early and continuing involvement in the 3C process
- Assess the effectiveness of the current Public Involvement Process as required by the federal certification team. Develop and enhance the process of public dissemination of information
- Update the Public Involvement Plan (PIP) and Limited English Proficiency Plan (LEP)

Products

- Update public involvement mailing/contact list
- Summary of public involvement activities, including means of advertisement, attendance, and response to comments
- Report on the analysis of the effectiveness of the local agencies' public involvement, especially in reaching EJ communities

Relationship to other plans and MPO activities

This task supports all plans and MPO activities.

The Town will continue to provide for an open exchange of information and ideas between the public and transportation decision-makers. The Town will work to increase public participation in transportation planning issues at the local and regional (MPO) levels.

Proposed budget and level of effort

50 percent of work to be completed by the Transportation Planner.

50 percent of work to be completed by the Planning Administrator.

Local Staff hours: **90 hours**

Task III-E: Board Support, Member Services, and Administration (STBG-DA and 5303)

Objectives

To participate in and contribute to MPO-related meetings and adhere to the goals and tasks laid out in the Unified Planning Work Program. Town staff will ensure that elected officials have adequate information to make informed decisions on local and regional transportation issues. Town staff will also ensure the local transportation advisory board has the information it needs to develop sound recommendations on local and regional transportation issues. To improve staff efficiency and knowledge through training sessions and educational materials.

Proposed Activities

- **Program no more than 5% of total funding request in this task code**
- Attend MPO Board and TC meetings and any relevant sub-committee meetings that don't pertain to other defined Task Codes
- Provide agenda items for board and committee meetings as requested or needed

Products

- Relevant and requested presentations to the MPO Board, TC and/or City Council on various transportation topics
- Participation in MPO TC and Board meetings on general topics not already defined in another Task Code
- Facilitation of requested follow-up information from board and committee meetings

Relationship to other plans and MPO activities

This task supports all plans and MPO activities.

Proposed budget and level of effort

60 percent of work to be completed by the Transportation Planner.

40 percent of work to be completed by the Planning Administrator.

Local Staff hours: **20 hours**

Task III-E: Board Support, Member Services, and Administration (STBG-DA and 5303)

Description

Support of advisory and governing bodies, including maintenance of membership and appointments, meeting planning, agenda preparation and posting, conducting meetings & hearings, minutes preparation, and compliance with Open Meetings & Public Records statutes.

Objectives

To participate in and contribute to MPO-related meetings and adhere to the goals and tasks laid out in the Unified Planning Work Program. Town staff will ensure that elected officials have adequate information to make informed decisions on local and regional transportation issues. Town staff will also ensure the local transportation advisory board has the information it needs to develop sound recommendations on local and regional transportation issues. To improve staff efficiency and knowledge through training sessions and educational materials.

Previous Work

Similar to requested activities described below.

Previous Task Codes

- III-E-1: Management & Operations

Proposed Activities

- **Program no more than 5% of total funding request in this task code**
- Attend MPO Board and TC meetings and any relevant sub-committee meetings that don't pertain to other defined Task Codes
- Provide agenda items for board and committee meetings as requested or needed

Products

- Relevant and requested presentations to the MPO Board, TC and/or City Council on various transportation topics
- Participation in MPO TC and Board meetings on general topics not already defined in another Task Code
- Facilitation of requested follow-up information from board and committee meetings

Relationship to other plans and MPO activities

This task supports all plans and MPO activities.

Proposed budget and level of effort

60 percent of work to be completed by the Transportation Planner.

40 percent of work to be completed by the Planning Administrator.

Local Staff hours: **20 hours**

II-B-1 Targeted Planning

The Town will develop a Connector Roads plan to improve connectivity within Chapel Hill and to the rest of the region.

Objectives

- Develop Connector Road plan

Previous Work

- Coordination with MPO for collection of previous MRC and CMP data
- Ongoing TDM efforts
- Previous biennial traffic signal timing studies

Requested Activities

- Hire consultant to develop a Connector Roads plan

Products

- Connector Roads plan

Relationship to other plans and MPO activities

Annual UPWP, TIP, MTP, Orange County Transit Plan

Proposed budget and level of effort

Task will be undertaken primarily by a consultant.

| | | | | | | | | | | | | |
|-----|--|---|---|--|---|--|--|---|---|---|--|---|
| 1- | MPO | DCHC-MPO (Chapel Hill) | DCHC-MPO (Chapel Hill) | DCHC-MPO (Chapel Hill) | DCHC-MPO (Chapel Hill) | DCHC-MPO (Chapel Hill) | DCHC-MPO (Chapel Hill) | DCHC-MPO (Chapel Hill) | DCHC-MPO (Chapel Hill) | DCHC-MPO (Chapel Hill) | DCHC-MPO (Chapel Hill) | DCHC-MPO (Chapel Hill) |

| 3- | Task Code | II-A-1 | II-A-2 | II-A-3 | II-B-1 | II-B-2 | II-B-3 | II-A-1 | III-B-2 | III-C-6 | III-D-2 | III-E-1 |
| 4- | Title of Planning Task | Networks and Support Systems | Travelers and Behaviors | Transportation Modeling | Targeted Planning | Regional Planning | Special Studies | Planning Work Program | Metropolitan TIP | Public Involvement/ Equitable Community Engagement | Statewide & Extra Regional Planning | Board & TC Support and Liaison |
| 5- | Task Objective | Collect data on traffic volumes, transit systems, parking, bicycle and pedestrian inventory and counts, crashes, and street system changes to inform transit route planning. Provide annual TAM and State of Good Repair target inventories. Utilize Town-wide traffic model and evaluate TIA process to include transit and regional implications. | Participate with MPO in further development of regional GIS database; prepare mapping to support local and regional activities; travel time studies related to transit planning; other data collection and mapping tasks as requested by LPA. | Monitor implementation of adopted Financial Plan for 2050 MTP, Orange County Transit Plan, and other plans/projects. Develop cost estimates and budgets for LAPP project submissions, monitor project budgets. | Support the updates of the MPO CMP and Mobility Report Card activities. Coordinate with Triangle Regional TDM program to implement regionwide TDM program. Review and evaluate impacts on transit. Utilize Town traffic model to evaluate impacts. Continue implementation and evaluation of CHT Short Range Transit Plan | Support development and implementation of the Orange County Transit Plan and evaluation of other regional transit projects, including Commuter Rail and BRT activities; support development and creation of the CTP and MTP; identify transit projects and policies to address transportation deficiencies | Prepare special studies to support ongoing transit operations and Chapel Hill's Vision Zero program. | Development of the FY24 UPWP, process amendments to the FY23 UPWP as necessary, prepare quarterly invoice and reimbursement requests. | Project development and data for the newly established LAPP program, participation in STIP update, monitor and implement the adopted TIP and prepare information for amendments to TIP. | Ensure equitable public participation and input throughout the transportation planning process; assist with implementation of MPO EJ and LEP programs; ADA planning and outreach including ADA Transition Planning, analyze demographic data/identify communities of concern. | Support regional and statewide planning projects, including Triangle Bikeway, Commuter Rail, and Vision Zero; coordinate projects with B-G MPO and statewide Vision Zero Coalition | Support of advisory and governing bodies, including maintenance of membership and appointments, meeting planning, agenda preparation and posting, conducting meetings & hearings, minutes preparation, and compliance with Open Meetings & Public Records statutes. |
| 6- | Tangible Product Expected | Traffic volume, transit systems, and parking data. Bike-ped facilities inventory and counts. Crash data and GIS street systems changes. TAM and SGR data. | MPO Regional GIS database and CMS database. | Refinements to the 2050 MTP financial plan, quarterly reports and annual work plan for the OC Transit Plan, other budgets and workplans for transit, TIP, and LAPP projects | Preparation of DCHC MPO CMS and other traffic projects. Development of TDM program, developments with appropriate traffic mitigation, GIS files of routes and proposed changes to CHT | 2050 MTP, updated projects and GIS files to support; public engagement related to MTP; data to support transportation deficiencies | Participation in design/NEPA for BRT, 15-501 Corridor Study, NC 54 transit feasibility, Chapel Hill Vision Zero; work on other special studies as needed | Draft and final FY24 UPWP, quarterly invoices and reports, amendment of UPWP as necessary, transmittal of documentation, work products/deliverable highlighted elsewhere to the LPA | Competitive projects for LAPP program, budgets and progress reports for ongoing TIP projects, amendments as needed | Summary of public involvement activities, updated maps of Communities of Concern; progress on ADA Transition Plan | Participation in regional, statewide, and local planning initiatives. High-capacity transit plans for regional corridors, Vision Zero program | Attend MPO Board, TC, and subcommittee meetings. Prep Board Reps prior to Board meetings, support Transportation and Connectivity Board and other Town/regional elected or appointed bodies. |
| 7- | Expected Completion Date of Product(s) | 6/30/2023 | 6/30/2023 | 6/30/2023 | 6/30/2023 | 6/30/2023 | 6/30/2023 | 6/30/2023 | 6/30/2023 | 6/30/2023 | 6/30/2023 | 6/30/2023 |
| 8- | Previous Work | Collection of traffic volumes, transit systems, parking, bike-ped inventory and crashes, and street systems. | Support for development of geo spatial database. Maintained current transit GIS data | 2045 Financial Plan and CHT's Financial Sustainability Plan | 2019 Mobility Report Card, previous years' TDM programs and reports, CHT Short Range Transit Plan | Development of 2045 MTP projects, Orange County Transit Plan inputs, BRT alternatives analysis | Mobility and Connectivity Plan, N-5 Corridor Study Alternatives Analysis | Development and management of previous years' UPWPs | SPOT 4.0-6.0 project submissions, current TIP/STIP, monitoring and implementing past TIP projects | Public meetings for 2045 MTP and CTP, meetings and surveys for SRTP and BRT | US 15-501 South Corridor Study, NC 54 Corridor Study, Great State Trails | Management of transit planning activities |
| 9- | Prior FTA Funds | | | | | | | | | | | |
| 10- | Relationship To Other Activities | Supports development and implementation of MTP, Orange County Transit Plan, Mobility and Connectivity Plan, and other MPO-related activities | Supports development and implementation of MTP, Orange County Transit Plan, and other MPO-related activities | Supports development and implementation of MTP, Orange County Transit Plan, and other MPO-related activities | Supports development of CMS. Supports implementation of regional TDM programs. | Supports development and implementation of MTP, CTP, Orange County Transit Plan, and other MPO-related activities | Supports implementation of adopted MTP, TIP and other state/federally funded projects | Supports implementation of annual work program | Supports implementation of adopted MTP and TIP | Supports all MPO and Town transportation planning activities | Supports the 2050 MTP, CTP, TIP, and Chapel Hill Short Range Transit Plan. | Supports all other transit planning activities MPO-wide. |

Task II-B-2: Regional Planning (CTP, MTP, etc.)

Objectives:

1. Update the MTP/CTP highway, transit, and bicycle and pedestrian elements, project descriptions and cost information;
2. Collect public input on highway, transit, and bicycle and pedestrian facilities and programs to be included in the CTP/2050 MTP;
3. Update the MTP ancillary planning and program information.
4. Coordinate existing local and regional plans and projects with MTP highway, transit, and bicycle and pedestrian elements;
5. Update MTP highway, transit, and bicycle and pedestrian Element maps; and,
6. Work with local communities on Regional Priority Lists, in order to implement MTP elements through the TIP.

Previous Work:

1. Preparation of the highway, transit, and bicycle and pedestrian elements of the 2045 MTP;
2. Feasibility studies (regional transit plans, STAC, US 15-501 Transit Corridor and I-40/NC 54 Transit Corridor, US 70 East Access and Connectivity Study, etc.);
3. Move Durham Study;
4. Durham Bike+Walk Implementation Plan
5. Transit 5-year TDP and master plans;
6. Congestion Management Process;
7. Triangle Regional Model;
8. Travel demand forecast; and,
9. Capacity deficiency analysis

Proposed Activities:

1. Establish evaluation criteria;
2. Develop key data for highway projects, transit services, and bicycle and pedestrian facilities;
3. Collect planned and proposed bicycle and pedestrian project information from local and regional plans and forums for inclusion in the MTP/CTP;
4. Re-evaluation of 2045 highway, transit, and bike and pedestrian elements;
5. Provide support for development of 2050 MTP;
6. Generate and evaluate highway projects and alternatives, transit projects and alternatives, and bicycle and pedestrian projects and alternatives;
7. Coordinate planning activities between local and regional agencies for highway, transit, bicycle, and pedestrian, trail/greenway and TDM initiatives;
8. City Council and MPO Board comments on alternatives.

Products/Deliverables:

1. Amendments to the CTP and 2050 MTP as needed
2. Preliminary identification of issues/concerns to address in future MTP updates
3. Update 2050 transit tables and attributes.
4. Update of geodatabase of transit preferred option and final 2050 projects.

Relationship to Other Plans and MPO Activities:

Before the regional planning element can be developed, several other tasks must be successfully completed including: TRM update; travel demand forecasts; capacity deficiency analysis. In addition, transit plans and feasibility studies, the CTP, coordination with local and regional bicycle, pedestrian, greenway and TDM Plans, and the Congestion Management Process will be important to this task in order to capture all proposed projects within the MPO.

Proposed Budget and Level of Effort

MPO/Transportation Planner, Principal Planner and Transportation Planning Manager, **450 hours**

Task III-A-1: Planning Work Program

Objective:

1. To prepare and continually maintain a UPWP that describes all transportation and transportation-related planning activities anticipated within the City of Durham and DCHC MPO planning area for the FY 2022-2023 UPWP.
2. To develop, maintain, and complete the UPWP in conformance with applicable federal, state, and regional guidelines.
3. To prepare UPWP amendments as necessary and requested by member agencies, to reflect any change in programming or focus for the current fiscal year.

Previous Work:

1. Previous UPWPs
2. Previous Amendments to the UPWP

Proposed Activities:

1. Review and amend relevant portions of the DCHC's UPWP in order to meet new planning requirements and/or circumstances pertinent to the MPO emphasis and transportation planning objectives.
2. Develop a new UPWP for the DCHC planning area covering the next program year. The development of a new UPWP will be prepared in cooperation with NCDOT and subject to the development process and public involvement endorsed by the MPO Board.

Expected Work Products:

1. Amendments to the current UPWP as necessary.
2. Development of the FY 2024 UPWP.

Relationship to Other Plans and MPO Activities:

The Planning Work Program documents the work conducted for other plans and MPO activities and enables reimbursement for work performed.

Proposed Budget and Level of Effort

MPO/Transportation Planner, **45 hours**

III-B-2: Metropolitan Transportation Improvement Plan

Objectives:

As the Lead Planning Agency (LPA) of the DCHC MPO, the City of Durham, Transportation Division is responsible for annually developing, amending, adjusting and maintaining the TIP for the metropolitan area. Under this activity, the LPA will update and amend the current, seven-year program of transportation improvement projects that is consistent with the 2050 Metropolitan Transportation Plan, STIP, the State Implementation Plan (SIP), EPA Air Quality Conformity Regulations and FHWA/FTA Planning Regulations.

Previous Work:

Previous DCHC MPO Transportation Improvement Programs.

Proposed Activities:

1. Develop transportation improvement projects for consideration by the City Council.
2. Work with the MPO to evaluate and develop the FY 2024-2033 TIP
3. Assist in refining project ranking methodology and priority system.
4. Assist the MPO in conducting appropriate public participation for the TIP consistent with the MPO Public Involvement Policy.
5. Attend regular meetings with NCDOT to exchange information regarding transportation improvement projects.

Expected Work Product:

1. Work with the MPO in the development of STI.
2. Assist and provide support to the LPA regarding STI
3. Develop and refine procedures necessary for TIP preparation and amendments as necessary.
4. TIP Amendments and Adjustments as necessary.

Proposed Budget and Level of Effort

MPO/Transportation Planner and Transportation Planning Manager, **200 hours**

III-B-3: TIP Merger/ Project Development

Objectives:

1. To ensure that the goals, objectives and needs of the DCHC MPO are integrated in the environmental planning process of transportation projects; and,
2. To ensure the needs of the citizens in the City portion of the DCHC MPO planning area are considered in the project planning process.

Previous Work:

Regular project scoping, environmental study and public meetings, especially those conducted by the NCDOT and GoTriangle.

Proposed Activities:

1. Regular participation at project scoping, environmental study and public meetings, especially those conducted by the NCDOT and GoTriangle;
2. Review and comment on project scoping and environmental documents;
3. The City participation in NEPA process for TIP projects.

Products/Deliverables:

Written comments on project scoping and environmental studies, activities and documents;

Relationship to Other Plans and MPO Activities:

The activities of this task are directly related to transportation projects in the long-range transportation plan and to projects that are being considered for TIP funding.

Proposed Budget and Level of Effort

MPO/Transportation Planner and Transportation Planning Manager, **450 hours**

III-C-6: Public Involvement/Equity Engagement

Objectives:

To provide the public with complete information, timely notice, full access to key decisions and opportunities for early and continuing involvement in the 3C process. To assess the effectiveness of the current Public Involvement Process as required by the MPO, and to develop and enhance the process of public dissemination of information.

Previous Work:

1. MPO Public Involvement Process.
2. Newsletters, emails, websites, social media;
3. Advertisements.

Proposed activities:

1. Administer the MPO Public Participation Process as needed.
2. Apply the Public Involvement Process to transportation programs and tasks:
3. Public meetings, workshops, and outreach programs to increase public participation, information dissemination, and education.

Expected Work Products:

1. Public meetings, website postings, flyers, etc.
2. Support of Citizen Advisory Committee

Relationship to other plans and MPO activities

Public involvement is used throughout the MPO planning process in support of all activities.

Proposed Budget and Level of Effort

MPO/Transportation Planner and Transportation Planning Manager, **90 hours**

III-E-1: Board & TC Support and Liaison

Objective:

To assist, support, and facilitate an open Comprehensive, Cooperative, and Continuing (3C) transportation planning and programming process at all levels of government in conformance with applicable federal and state requirements and guidelines as described in the 3C Memorandum of Understanding.

Previous Work:

1. Management of the 3C process using previous Unified Work Program and prospectus documents, transportation plans, and Memorandum of Understanding. Specifically, previous tasks include but not limited to preparation of Technical Committee (TC) and the MPO Board meeting agendas, providing technical assistance to the MPO Board, development of the TIP, preparation of the annual UPWP, working with other agencies, such as NC Division of Air Quality, etc.

Proposed Activities:

1. Provide liaisons between DCHC MPO and the City of Durham elected officials and citizens.
2. Provide technical assistance to the MPO.
3. Participate in joint meetings as a means to continually improve the quality and operation of the transportation planning process and decision making within the MPO and in the Triangle Region.
4. Review and comment on federal and state transportation-related plans, programs, regulations and guidelines pertaining to the City of Durham.

Work Product Expected:

1. Technical assistance memoranda, reports, and public involvement meetings and workshops as needed.
2. Updates to the planning documents as required.

Relationship to other plans and MPO activities

Participation in MPO meetings is necessary for the function of the MPO and all plans and activities.

Proposed Budget and Level of Effort

MPO/Transportation Planner, **90 hours**

III-E-1: Board & TC Support and Liaison

Description:

Support of advisory and governing bodies, including maintenance of membership and appointments, meeting planning, agenda preparation and posting, conducting meetings & hearings, minutes preparation, and compliance with Open Meetings & Public Records statutes. The City will assist and support the DCHC MPO efforts in complying with the federal 3-C process. The City of Durham staff will attend both DCHC MPO and regional meetings. The continuing transportation planning process requires considerable administrative time for attending monthly committee meetings, preparing agendas and minutes to these meetings, and attending training.

Objective:

To assist, support, and facilitate an open Comprehensive, Cooperative, and Continuing (3C) transportation planning and programming process at all levels of government in conformance with applicable federal and state requirements and guidelines as described in the 3C Memorandum of Understanding.

Previous Work:

1. Management of the 3C process using previous Unified Work Program and prospectus documents, transportation plans, and Memorandum of Understanding. Specifically, previous tasks include but not limited to preparation of Technical Committee (TC) and the MPO Board meeting agendas, providing technical assistance to the MPO Board, development of the TIP, preparation of the annual UPWP, working with other agencies, such as NC Division of Air Quality, etc.

Proposed Activities:

1. Provide liaisons between DCHC MPO and the City of Durham elected officials and citizens.
2. Provide technical assistance to the MPO.
3. Participate in joint meetings as a means to continually improve the quality and operation of the transportation planning process and decision making within the MPO and in the Triangle Region.
4. Review and comment on federal and state transportation-related plans, programs, regulations and guidelines pertaining to the City of Durham.

Work Product Expected:

1. Technical assistance memoranda, reports, and public involvement meetings and workshops as needed.
2. Updates to the planning documents as required.

Relationship to other plans and MPO activities

Participation in MPO meetings is necessary for the function of the MPO and all plans and activities.

Proposed Budget and Level of Effort

MPO/Transportation Planner, **90 hours**

Task II-B-2. Regional Planning.

Objectives

1. Provide data to the LPA on highway facilities as needed
4. Develop Transportation element for the Comprehensive Plan
5. Provide data to the LPA on bike and pedestrian facilities as needed
6. Continue development of the new County Transit Plan
7. Participation in the Staff Working Group for County Transit Plan
8. Begin implementation of the County Transit Plan

Previous Work

1. Preparation of the 2050 MTP and the CTP;
2. The County has been developing a new Transit Plan and participating in the Staff Working Group.
3. Participation in the Triangle bikeway study.

Requested Activities

1. Provide data to the LPA on bike and pedestrian facilities as needs
2. Completed Durham County Transit Plan.
3. Evaluation of transit preferred options.
4. Provide data to the LPA on highway facilities as needed
5. Develop Transportation element for the Comprehensive Plan
6. CTP amendments as needed
7. Develop data on sidewalk needs in unincorporated Durham County

Products

2. Key data for highway projects
2. Completed Durham County Transit Plan.
3. Implementation of the County Transit Plan
3. Adopted Transportation Element of the Durham Comprehensive Plan
3. Sidewalk inventory and needs analysis in unincorporated Durham County.

Relationship to other plans and MPO activities

All tasks and products are related to the CTP, MTP and TIP.

Proposed budget and level of effort

Tasks to be completed by Planners, Senior Planners, Planning Manager and Planning Director **750 hours**

Task II-B-2. Special Studies.

Objectives

Participation in the development of the US 70 corridor study.

Previous Work

Participation in the development of the US 70 corridor study.

Requested Activities

Serve on any committees related to the US 70 corridor study
Analysis and development of preferred alternatives for US 70.

Products

Provide land use and development data for the US 70 corridor study

Relationship to other plans and MPO activities

Related to the CTP, MTP and TIP

Proposed budget and level of effort

Work to be performed by Planner and Planning Manager **150 hours**

Task III-A-1. Unified Planning Work Program.

Objectives

Development of the FY22 UPWP, process amendment of the FY21 UPWP as necessary, prepare quarterly invoice and reimbursement requests. Process amendments to the UPWP if necessary and provide input on UPWP oversight.

Previous Work

County staff have been involved in previous UPWPs, providing oversight and guidance to UPWP management.

Requested Activities

1. Complete amendment spreadsheets as needed
2. Prepare Durham County's 2022 UPWP documents and budget

Products

1. Amendment spreadsheets as needed
2. Durham County's previous fiscal year UPWP activities narrative and budget
3. 2022 UPWP and budget
4. Quarterly invoice and reimbursement requests

Relationship to other plans and MPO activities

Required by federal law, the UPWP is the mechanism for regional transportation planning and coordination within the MPO.

Proposed budget and level of effort

Task to be performed by Planning Manager- **50 hours**

Task III-E. Board Support, Member Services, and Administration.

Objectives

- Participate and contribute to MPO-related meetings.
- Adhere to the goals and tasks laid out in the Unified Planning Work Program.
- Ensure that elected officials have adequate information to make informed decisions on local and regional transportation issues.
- Ensure the local transportation advisory board has the information it needs to develop sound recommendations on local and regional transportation issues.
- Improve staff efficiency and knowledge through training sessions and educational materials.

Previous Work

Similar to proposed activities described below.

Requested Activities

1. Attend and participate in MPO Board and TC meetings
2. Staff development through professional training courses, seminars, and conferences
3. Prepare materials and present to the local elected officials related to local and regional transportation planning topics
4. Attend and participate in MPO subcommittee meetings

Products

Staff reports and communication with other County officials as well as elected officials and members of advisory boards

Relationship to other plans and MPO activities

See objectives and proposed activities.

Proposed budget and level of effort

Tasks to be performed by Planner, Senior Planner and Planning Manager - **75 hours**

Town of Hillsborough

III-D-3: Special Studies

South Churton St - \$200,000

Engineering feasibility study to identify appropriate cross-section and project scope for U-5845, Widening of South Churton Street in Hillsborough.

Objectives

- O1 Establish concurrence between town and NCDOT on the purpose and need for improvements in the project corridor.
- O2 Revaluation of existing conditions, traffic forecast, and capacity analysis for the project corridor.
- O3 Identify constraints and opportunities for implementation of complete streets improvements and capacity improvements for the project corridor.
- O4 Robust public engagement
- O5 Develop feasible and constructible preferred alternative for the project corridor.
- O6 Develop planning level cost estimates consistent with project funding.
- O7 Develop corridor study report for town adoption and use as project moves into engineering design.

Previous Work

Project U-5845 is funded in the current TIP, but subject to reprioritization. Design and engineering work by NCDOT and Kimley Horn (as their consultant) begin in 2016 with a public meeting in 2019. The town raised numerous concerns and questions about the preliminary design following the public meeting and did not select a preferred cross-section. Design was halted by NCDOT due to funding limitations unrelated to the town's comments.

Since design work may begin in the near future, the town is pursuing this study to do the extra outreach and detailed consideration needed for the town to identify a preferred cross-section and project scope. The town will invite NCDOT participation to ensure the project purpose and need remain consistent with the funded project and so this study does not endanger the funded project approval or schedule.

Requested Activities

- Re-evaluate existing conditions, traffic forecast, capacity analysis, and multimodal opportunities/needs to validate the statement of purpose and need for the project.
- Detailed key intersection analysis to address turning trucks and bicycle & pedestrian needs.
- Evaluate utility conflicts and engage with utility providers.
- Robust public engagement of property owners in the project corridor and general public.
- Develop constructible preferred alternative (including preliminary stormwater analysis and utility conflicts) that implements complete street principles in a context-sensitive nature.
- Monitor planning level cost estimates to be consistent with project funding.
- Develop implementation assessment to evaluate and aid design and construction of the recommended improvements in an efficient and effective manner. This includes schedule coordination with other TIP projects in the vicinity.

Products

- Engagement with property owners in the corridor north of I-85 to discuss access management, connectivity, and redevelopment plans to inform the final recommended improvements.
- Updated and detailed intersection analysis of key intersections to address signalization, turning movement (especially for trucks), and pedestrian safety throughout the corridor.

- Updated projections of Level of Service and Travel time changes expected throughout the corridor,
- Context-appropriate implementation of complete streets components throughout the corridor (understanding the improvements may be different in different locations).
- Corridor study report the town can adopt and NCDOT can rely on as the project moves toward implementation.

Relationship to other plans and MPO activities

This project is the final component of the town's Churton Street Corridor Study that will be implemented. Project U-5845 has been on the MPO's priority list and adopted plans for about 20 years in different iterations.

Proposed budget and level of effort

This work will be predominately completed by a consultant following an RFP selection process with oversight by staff.

Local staff time will be approximately **500 hours** with 60% of the hours by the Public Space Manager and 30% by the Planning and Economic Development Manager, and 10% by the Assistant Town Manager. Local staff time but will not be charged against the project budget.

This project will not be completed in FY23 and will wrap up in FY24.

Engineering feasibility study for north-south greenway in Hillsborough.

III-D-3: Special Studies

Engineering Special Study for North-South Greenway - \$150,000

Objectives

- O1 Collect sufficient field data to identify a feasible and constructible greenway route from downtown to the future train station, through Collins Ridge, and south to Interstate 40.
- O2 Identify constraints or alternatives
- O3 Develop a locally preferred alternative and implementation plan for future funding requests
- O5 Ballpark construction cost estimates

Previous Work

The town has an adopted Community Connectivity Plan that identifies the need for a bicycle and pedestrian connection to the neighborhoods in Hillsborough that have developed south of Interstate 85. A portion of the greenway will be constructed by the Collins Ridge development. This study focuses on connecting from the future train station south to Interstate 40 and any planned connections to other county communities. Of particular focus will be an evaluation of the needed bridge over Interstate 85.

Requested Activities

- This study scope will begin in downtown, identify a route to the future train station and continue south to Interstate 40 and any planned connections to other county communities. Of particular focus will be an evaluation of river and railroad crossing in addition to the needed bridge over Interstate 85.
- Evaluate existing conditions, utilities, topography, and NCDOT requirements along a route connecting downtown to the train station south to existing and proposed communities in Hillsborough to Interstate 40.
- Evaluate the feasibility of constructing a bicycle pedestrian bridge over Interstate 85 in the location where the town has access to right of way and consistent with NCDOT requirements. This may include multiple alternatives.
- Develop planning level cost estimates for greenway components and suggest implementation phases.

Products

A feasibility study report that details expected constraints and limiting existing conditions along with alternatives to achieve this important connectivity goal. The report will also provide a more detailed analysis of critical crossings, planning level cost estimates, an implementation plan, and identify possible future connections.

Relationship to other plans and MPO activities

This project is shown in the Hillsborough Community Connectivity Plan and the MPO's Comprehensive Transportation Plan. The CTP route includes a possible roadway; whose necessity is uncertain. The bicycle/pedestrian connection is critical to maintaining the town's character in light of current growth activity.

Proposed budget and level of effort

This work will be predominately completed by a consultant following an RFP selection process with oversight by staff. The work will be coordinated with on-going design work for the future train station.

II-A-3: Transportation Modeling

A “Modeling Agreement” has been signed between the MPO, GoTriangle, Capital Area MPO (CAMPO), and NCDOT. The agreement details accepted standards and practices, used in the specific travel model, to calibrate and substantiate acceptable tolerances.

A technical summary report of the travel modeling process and results will be provided by the modeling custodian as named in the modeling agreement.

Objectives

Support for Triangle Regional Model (TRM) Service Bureau.

Previous Work

Ongoing support of TRM service bureau.

Proposed Activities

Ongoing support of TRM service bureau.

Products

Updated Triangle Regional Model.

Relationship to other plans and MPO activities

Supports the regional travel model utilized for the MTP and other transit and highway planning purposes.

Proposed budget and level of effort

Attendance at all TRM Model team meetings, both technical and executive; input into model related tasks as outlined in the Model Bureau work plan.

| Task Code-Title | Local 20% | FHWA 80% | Total |
|------------------------|----------------------|---------------------|--------------|
| II-A-3 | \$25,650 | \$102,600 | \$128,250 |

II-B-2: Regional Planning

GoTriangle contracts with Triangle J Council of Governments to provide continued planning and GIS services in developing the transportation networks and associated land use required for Travel Model and Regional Plan Updates.

Objectives

To provide travel market analysis and cost information for development of transit investments for the MTP; and to acquire GIS support services from TJCOG.

Previous Work

Continued and ongoing regional corridor analysis for MTP and other projects.

Proposed Activities

Continued and ongoing regional corridor analysis for MTP and other projects.

Products

Technical planning report provided to regional leaders and the MPO; other GIS service needs as required.

Relationship to other plans and MPO activities

This supports regional transit planning for capital investments.

Proposed budget and level of effort

Attendance at all MPO, both technical and executive; coordination among MPO, municipal and transit agency staffs; analysis and projections of land use, population, and employment.

II-A-1: Networks and Support Systems

Objectives

To fulfill compliance to have an independent auditing consultative review of National Transit Database financial data.

Previous Work

This will be a first time request from this organization. NCDOT has determined to designate Urbanized Area programs, formally sub-recipients, to be direct recipients of 5307 funding.

Requested Activities

The Consulting auditor would review NTD data and corresponding financial data to certify to the Federal Transit Administration, that our grant funding (Federal, State and Local) meets 2 CFR 200 uniform guidance and complies with GASB generally accepted accounting principles. Recognizing the need for, and timeliness of contracting with a financial auditing firm, quotes for this level of auditing have been in the \$20K-30K range.

Products

National Transit Database report.

Relationship to other plans and MPO activities

This is in line with short and long range transportation planning activities.

Proposed budget and level of effort

A more concrete estimate will be developed after contracting with a consultant, but estimate being used to program 5307 funds in the UPWP is **\$25,000**

III-D-2: Statewide & Extra-Regional Planning

Facilitate and/or manage joint activities and undertake analysis work in land use, transportation and air quality planning that involve multiple MPO, RPO, local government, transit agency, state and federal agency and anchor institution partners.

Objectives

To ensure that activities that have a scope or scale that transcend any single MPO are done in coordinated, timely, effective and cost-efficient ways.

Previous Work

Facilitation and preparation of Joint Metropolitan Transportation Plans; MTP and TIP air quality conformity coordination and determination report preparation, TRM executive committee support, facilitate joint MPO technical team meetings, Joint MPO Executive Committee coordination, assist with preparation and conduct of Joint MPO Policy Boards meetings, GoTriangle and county transit plan participation, MPO area plan and project participation, facilitate development and revisions of Joint MPO Policy Priorities. Development of 3rd version of CommunityViz growth allocation model. Participation on TCRP transit prioritization panel.

Requested Activities

Major activities are of three types:

1. General Regional Planning and GIS tasks oriented principally to 2050 MTP amendments, air quality conformity and joint MPO policy board, technical staff and TRM executive committee work;
2. Focused work related to implementing the Regional ITS Plan
3. Focused work on metrics and performance measure tracking, synthesis and reporting arising from 2050 MTP priority goals and objectives.

Tasks will include debrief on the 2050 MTP and the use of CommunityViz 3.0; preparation for what is expected to be a major 2050 MTP amendment with the development of the next STIP; any interim 2050 MTP amendments, including AQ conformity work; TRM executive committee support; facilitation of joint MPO technical, executive committee and policy board meetings and deliverables, including any revisions to the Joint MPO Policy Priorities; hosting, maintenance and distribution of CommunityViz, Employment Analyst and Network Analyst data and technical documentation. TJCOG will continue to participate in local and regional projects and work related to transportation investments (e.g. RTA, NCDOT) and in selected projects of statewide or national impact.

Products

- CommunityViz 3.0 data updates and expanded set of validation site examples.
- 2050 MTP debrief report and plan for early work products for major MTP amendment associated with next STIP.
- GIS and CommunityViz work to reconcile data with the switch to the G2 Triangle Regional Model format and TAZs
- 2050 MTP amendments and conformity determination reports
- joint MPO technical, executive committee and policy boards meeting support and Joint Policy Priorities revisions
- Triangle Regional Model Executive Committee tasks
- Regional ITS Work Group meeting agendas and summaries

- Prioritization of ITS strategies, identification of specific implementation tasks and schedules, work on designated tasks.
- Status reporting on ITS Plan recommendations designated for MPO lead role
- Presentations on ITS work as needed to technical and policy boards
- Performance Metrics work plan and schedule
- Data summaries and technical analyses, including how metrics can be used to inform local and MPO decisions
- Creation of a web-based metrics dashboard
- Presentations on performance metrics as needed to technical and policy boards
- Note: the budget does not account for the acquisition of any additional external data sources, but can be adjusted if initial work indicates the desire by the MPOs to jointly purchase data.

Relationship to Other Plans and MPO Activities:

This work relates to several MPO core responsibilities, including MTP and TIP updates and amendments, AQ conformity determinations, development of data used in modelling and analysis, regional ITS deployment plan implementation, performance metrics responsibilities and incorporation of results from small area, corridor and modal plans.

Proposed Budget and Level of Effort:

| Task Code - Title | Local 20% | FHWA 80% | Total |
|---|----------------------|---------------------|--------------|
| III-D-2 – Statewide & Extra-Regional Planning | \$21,125 | \$84,500 | \$105,625 |

20% local match to be provided by TJCOG; other funding participation from CAMPO and GoTriangle as in previous years. Work primarily undertaken by existing TJCOG staff in the Metropolitan Transportation Program Area and the Regional Data Center.
