TIP #	<a href="#">EL-4828</a>	Proposed TIP #	BO-2415

Project Information

Project Name	Morgan Creek Greenway (Chapel Hill)
Project Description	Bike-Ped project in Chapel Hill. This segment of the Morgan Creek Greenway would connect the existing path at the trailhead to the soon-to-be-constructed Carrboro portion at Smith Level Road. The existing greenway is highly used and extending it to the west to Carrboro and beyond has long been a priority for both Towns.

<b>Funding Totals:</b>			<b>\$1,270,000</b>	<b>\$0</b>	<b>\$1,100,000</b>	<b>\$2,370,000</b>

## Explanation for Request

The original scope of the EL-4828 Morgan Creek Greenway project is stated as the area west of Smith Level Road. During DCHC MPO's FY23 Call for Projects, the Chapel Hill portion of the greenway (east of Smith Level Road) was submitted as a new project and received funding during that call. During that process the TIP# for this new section of the greenway and the associated funding were added administratively to the original Carrboro project, rather than receiving a new TIP#. This call went through the public release procedure and so projects were to receive new TIP# and then be added through an administrative modification. The new TIP# was never processed so a new TIP# is required and funding is to be moved from the EL-4828 project to the correct new TIP#.

MEMO TO: Kelly Fomenko  
Durham-Chapel Hill-Carrboro Metropolitan Planning Organization (DCHC-MPO)

FROM: Jason Schronce, P.E., STIP Central Region Manager  
North Carolina Department of Transportation (NCDOT)

*Jason B. Schronce*

SUBJECT: Switching of funding sources for EB-5721 in the DCHC-MPO

This memo serves as the official notification regarding the swapping of funding sources for several projects within the DCHC-MPO, as previously agreed to via email. This swap could potentially help NCDOT secure additional federal funding for North Carolina as part of FHWA's annual August Redistribution process.

The funding swap involves switching \$847,000 of DCHC-MPO's Transportation Alternatives Program-Direct Attributable (TAP-DA) federal funds in fiscal year (FY) 2023 for \$847,000 in federal TAP-AnyArea (transportation alternatives funds that can be used in any area in the state). There is no impact to schedules, local matches, or project management requirements resulting from the swap. The TAP-DA funds will be used to fund construction on STIP Project EB-5721, where NCDOT had previously planned to use TAP-AnyArea funds for the STI funded portion of the project.

In return, NCDOT will provide \$847,000 in TAP-AnyArea funds to eligible projects selected by the DCHC-MPO.

The funding swap does not need Board of Transportation approval, as it is considered an administrative modification. If you have any questions, please feel free to contact me at (919) 707-4646. Thank you.

### Project Information

Project Name	NC 54 Falconbridge Transit Access
Project Description	The NC 54-Falconbridge construction project aims to address critical transit access and transit operation safety concerns along NC 54 in the Falconbridge area in southwestern Durham County, thereby increasing transit ridership and reducing emissions. The project is located within City of Durham city limits from Farrington Road to Huntingridge Road. The project will provide safe pedestrian connections for transit users to existing and planned signalized crossings in this corridor, given the high speeds and traffic volumes on NC 54. The project includes construction of bus stop landing pads, shelters, benches, bus pullouts and tapers, sidewalk, curb and gutter, curb ramps, crosswalks, pedestrian median refuge islands, appropriate safety signage, pedestrian signal heads and complimentary traffic signal modifications, and other supporting roadway modifications.

## TRANSPORTATION IMPROVEMENT PROGRAM PROJECT BL-0063

### Horton Road Sidewalk

#### Project Description

The Horton Road Pedestrian project seeks to construct a 1.59-mile multi-use path along the south side of Horton Road in Durham from Guess Road to Roxboro Road. Construct a 0.41-mile sidewalk on the north side of Horton Road from Guess Road to connect to an existing sidewalk near Horton Road. This will provide a safe pedestrian option along a busy road in northern Durham and connect residential areas to shopping centers and other destinations. It focuses on connecting lower-income residential areas to shopping areas and reduces the need to access these areas with an automobile.

### Project Information

Project Name	North-South Bus Rapid Transit
Project Description	NSBRT is an 8.2 mile proposed bus rapid transit system, that will connect 2 park and ride lots to downtown Chapel Hill, the University of North Carolina at Chapel Hill, and UNC Hospitals. Connections will also be made with regional transit providers GoTriangle and PART. NSBRT will operate in a constructed curb running lane, a converted curb running lane, and in mixed traffic, while serving 17 station areas that will feature the latest in technologies and passenger amenities, with 60 foot articulated electric vehicles. Where applicable, a multi-use path will be installed to provide options for active transportation. The project is in the early stages of 60% design awaiting completion of NEPA which is expected in early 2023. NSBRT has an expectant project cost of \$150.7M, with \$120.5M planned from the Small Starts Process. The project non-cig funding is provided by the Orange County Transit Plan for a total of \$29.1M. NSBRT is planned to open for revenue service in 2028.
Additional Details	Construction costs shown are to illustrate the need/request through the Small Starts Grant and are not reflective of actual received funding. This project is currently locally funded through the Orange County Transit Plan.

### Proposed Project Schedule
